Patent Assignment

WHEREAS, Shiloh Industries, Inc., a Delaware corporation having its registered office at 880 Steel Drive, Valley City, Ohio 44280 (the "Transferor"), is the owner of the patent(s) and application(s) identified in attached Schedule A ("the Patent(s)"); and

WHEREAS, Grouper Blanking, LLC, a Delaware limited liability company having its registered office at 201 East Main St., Suite 810, Lexington, Kentucky 40507 (the "Transferee"), is desirous of acquiring the Patent(s), and related invention(s) thereof;

NOW, THEREFORE, effective as of November 30, 2020, for good and valuable consideration, the receipt of which is hereby acknowledged, Transferor has sold, assigned and transferred and by these presents does hereby sell, assign, and transfer unto said Transferee, and Transferee's successors and assigns, all right, title and interest in and to the Patent(s), and the invention(s) disclosed and claimed therein, and any Letters Patent which may hereafter be granted on the same in the United States and all countries throughout the world including any reissues, divisions, renewals, continuations in whole or in part, substitutions, conversions, reexaminations, prolongations, provisionals or extensions thereof, as well as rights to any and all existing causes of action and the right to past damages associated therewith, and all rights under the Paris Convention for the Protection of Industrial Property, the same to be held and enjoyed by Transferee, for their own use and behalf and the use and behalf of their successors, legal representatives, and assigns, to the full end of the term or terms for which Letters Patent or Patent(s) may be granted as fully and entirely as the same would have been held and enjoyed by Transferor had this sale and assignment not been made.

Transferee hereby grants a limited power of attorney for the purpose of recording this assignment in the United States and all other countries throughout the world to the practitioners listed on the power of attorney attached herewith and further grant the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or any other patent office worldwide for recordation of this document.
