ASSIGNMENT OF PATENT APPLICATIONS

WHEREAS, I, DANIEL RISCALLA (hereinafter referred to as "ASSIGNOR"), have invented and own a certain invention entitled SYSTEMS AND METHODS FOR ORDERING PREPARED FOOD PRODUCTS, for which a U.S. nonprovisional application was filed on November 21, 2011 and assigned Serial No. 13/301,390, now U.S. Patent No. 8,888,492 (the "Inventions"); and

WHEREAS, ZIPPYYUM, LLC, a limited liability company organized and existing under and by virtue of the laws of the state of California and having its principal place of business at 6945 Hidden Oaks Lane, Orange, CA 92867 (hereinafter referred to as "ASSIGNEE"), is desirous of acquiring the exclusive right, title and interest in, to and under said Inventions, and in, to and under any patents or similar legal protection to be obtained therefor in the United States of America, its territorial possessions and in any and all countries foreign thereto;

THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, ASSIGNOR hereby sells, assigns, transfers, and sets over unto the said ASSIGNEE, its successors and assigns, the full and exclusive right, title and interest in and to said Inventions and to all Letters Patent or applications or similar legal protection, not only in the United States and its territorial possessions, but in all countries foreign thereto to be obtained by said Inventions, and to any continuations, divisions, renewals, substitutes, reexamination certificates, or reissues thereof or any legal equivalent thereof in the United States or a foreign country for the full term or terms for which the same may be granted, including all priority rights under any international convention or treaty, and all rights to sue for past infringement, past damages, and past royalties; and ASSIGNOR hereby authorizes and requests the United States Patents and Trademark Office, and any officials of foreign countries whose duty it is to issue patents or any legal equivalent thereof, to issue said patents to ASSIGNEE, its successors and assigns, in accordance with this Assignment.

ASSIGNOR hereby covenants that no assignment, sale, agreement, or encumbrance has been or will be made or entered into which would conflict with this Agreement.

ASSIGNOR further covenants that ASSIGNEE will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said Inventions and

said Letters Patent and legal equivalents as may be known and accessible to ASSIGNOR and will testify as to the same in any administrative proceeding or litigation related thereto and will promptly execute and deliver to ASSIGNEE or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, said Inventions and said Letters Patent and said equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes thereof.
