ASSIGNMENT

WHEREAS, PSO Consulting, LLC doing business as Singularis Solutions, with a place of business at 1639 N. Hancock St., Unit 201, Philadelphia, PA 19122, hereafter the "Assignor", owns certain rights in and to new and useful improvements disclosed in a utility application to the United States Patent and Trademark Office entitled **Automated Feed Source Changer for a Compact Test Range** filed **October 8, 2020** under **application number 17/065,570**;

AND WHEREAS, Orbit Advanced Technologies, Inc. with a place of business at 650 Louis Drive, Warminster, PA 18974, hereafter the "Assignee", wants to acquire the entire right, title and interest in and to said improvements and application;

NOW, THEREFORE, in consideration of one (1) U.S. dollar, and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over to Assignee the entire right, title, and interest in and to (together with the right to sue and recover for past, present, and future infringement) said improvements and said application and all provisionals, non-provisionals, national stages, divisions, substitutions, continuations, continuations-in-part, and PCT applications claiming priority thereof, and all United States Patents which may be granted thereon and all reissues and extensions thereof, and all priority rights under the International Convention for the Protection of Industrial Property for every member country, all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) heretofore or hereafter filed for said improvements in all foreign countries, and all patents (including all extensions, renewals, and reissues thereof) granted for said improvements in all foreign countries; and Assignor hereby authorizes and requests the United States Commissioner of Patents and Trademarks, and all officials of foreign countries whose duty it is to issue patents on applications as aforesaid, to issue all patents for said improvements to Assignee in accordance with the terms of this assignment;

AND ASSIGNOR HEREBY covenants that Assignor has full right to convey the entire interest herein assigned, and Assignor has not executed, and will not execute, any agreement in conflict herewith;

AND ASSIGNOR HEREBY further covenants and agrees that Assignor will communicate to Assignee all facts known to it respecting said improvements, and testify in all legal proceedings, sign all lawful papers, execute all provisional, non-provisional, national stages, divisional, continuation, continuation-in-part, substitute, reissue, PCT, foreign, and all other applications, make all rightful oaths and generally do everything possible to aid Assignee to obtain and enforce proper patent protection for said improvements in all countries.
