ASSIGNMENT

Michael A. CURRAN, Ashvin R. JAISWAL, Dongxing ZHA, Kui VOO, Carlo TONIATTI, Bianka PRINZ, and Nadthakarn BOLAND, have invented **HUMAN PD-L2 ANTIBODIES AND METHODS OF USE THEREFOR**. This is an Assignment of the following rights, title and interest (check all that apply):

- ☒ United States of America rights, title and interest in the invention
- ☒ Foreign rights, title and interest in the invention
- ☐ An application to the Commissioner for Patents of the United States of America filed herewith
- ☐ United States Provisional Patent Application Serial No. filed on
- ☐ United States Patent Application Serial No. filed on
- ☐ United States Patent No(s). .
- ☐ International (PCT) Patent Application Serial No. PCT/US2019/022444 filed on March 15, 2019, which claims priority of U.S. Provisional Application No. 62/647,546 filed on March 23 2018.
- ☐ Other (specify):

We, **Bianka PRINZ and Nadthakarn BOLAND**, were employed by Adimab, LLC established under the laws of the State of Delaware, at the time the invention was made. The conditions under which said invention was made are such that Adimab, LLC (hereinafter ADIMAB), having a place of business at 7 Lucent Drive, Lebanon, NH 03766, owns our entire right, title, and interest in the invention, in the United States and all other countries throughout the world.

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, the undersigned, have voluntarily sold, assigned, and transferred and do voluntarily sell, assign, and transfer to ADIMAB, and successors and assigns, our full and exclusive right, title and interest in and to the invention(s) disclosed in said application throughout the world, including the United States and its territorial possessions and in all foreign countries, including all rights to claim priority, in and to any and all improvements which are disclosed in said application. This includes an assignment of all Letters Patent that may be granted on the invention in the United States of America and all countries throughout the world, and any divisional, renewal, continuation in whole or in part, substitution, conversion, reexamination, reissue, prolongation or extension thereof; and the right to claim priority from the patent application as provided for by United States law, the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention, or other applicable law.

We have authorized ADIMAB to file and prosecute this patent application, as well as any corresponding international or national applications that claim priority from it. ADIMAB has the right to select attorneys or agents of its choice to prosecute at its discretion these applications on its behalf. We authorize and request the issuance of said Letters Patent to ADIMAB, as assignee of the entire right, title, and interest to be held as fully and entirely as the same would have been held by us had this assignment not been made.

We warrant that there are no outstanding assignments, grants, liens, encumbrances, or agreements either written, oral, or implied that will impair, diminish, limit, or abridge the interest

herein conveyed at the time of the execution of the present assignment. We shall not communicate nor cooperate in any manner with any third party, other than ADIMAB, that claims any rights in and to said invention(s) and said application.

We also hereby assign all rights, title and interest to any improvements related to said invention(s) to ADIMAB and agree to promptly and fully communicate to ADIMAB any facts and information known to us respecting any improvements related to said invention(s) and said application while any patent application anywhere in the world is still pending that claims priority, whether directly or indirectly, from said invention(s) or said application(s). We will maintain any such facts and information in confidence and will only reveal such facts and information to ADIMAB or its assigns.

We also covenant that we will communicate to ADIMAB, its representatives, assigns or agents, any facts known to us respecting said invention(s) or said application(s), and to testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths, provide all requested documents, and do everything reasonably possible to aid ADIMAB and its assigns to obtain and enforce proper patent protection for said invention(s) or said application(s) in the United States or any foreign country. These provisions are binding upon our heirs, legal representatives, administrators and assigns.

We grant ADIMAB, the power to insert on this Assignment any further information that may be necessary or desirable in order to comply with all applicable legal requirements, including the rules of the United States Patent and Trademark Office, for submitting and recording this document.
