ASSIGNMENT

WHEREAS, the undersigned has made an invention entitled “System and Method for Human Motion Detection and Tracking” for which an application for United States Letters Patent was filed on March 5, 2019 and assigned Application Serial No. 62/814,147;

WHEREAS, the undersigned has made an invention entitled “System and Method for Human Motion Detection and Tracking” for which an application for International Letters Patent was filed on March 5, 2020 and assigned Application Serial No. PCT/US2020/021262;

WHEREAS, the undersigned have made an invention entitled “System and Method for Human Motion Detection and Tracking” for which an application for United States Letters Patent was filed on January 14, 2021 and assigned Application Serial No. 17/260,477. The undersigned hereby authorize and request our counsel to insert the filing date and application number of said application when known;

WHEREAS, Physmodo, Inc., a corporation existing under the laws of the State of Texas, doing business at 5151 Headquarters Drive, Suite285, Plano, Texas 75024 (hereinafter referred to as “Assignee”) desires to acquire the entire right, title, and interest in, to and under the above inventions and applications and any patents which may be granted on said inventions or any non-provisional patent applications claiming priority therefrom, in the United States and in any and all foreign countries;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, we do sell, assign, and transfer, unto Assignee, the full and exclusive right, title, and interest in and to (a) said invention and worldwide rights therein; (b) said applications, including all divisions, continuations and substitutions thereof; and (c) all United States and foreign patents which shall issue on said invention, including all title of invention:

System and Method for Human Motion Detection and Tracking

reissues, renewals and extensions thereof, for the United States, its territories and possessions and all foreign countries, including the right to file corresponding applications for Letters Patent or the legal equivalent thereof on said invention in any and all foreign countries, and the right to claim priority under any and all treaties and conventions to which the United States of America is signatory including the Paris Convention for the Protection of Industrial Property and the Patent Cooperation Treaty (PCT) of the World Intellectual Property Organization (WIPO) for such corresponding applications, or any division, continuation, renewal or substitution thereof, and as to letters patent and any reissue, re-examination or extension thereof, the same to be held and enjoyed by said Assignee, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by us, had this assignment not been made.

We hereby authorize and request the Patent Office of the United States and any and all foreign countries to issue any and all of said patents, when granted to Assignee as the Assignee
