PATENT ASSIGNMENT

WHEREAS, **EchoStar Technologies International Corporation**, a corporation organized and existing under the laws of the State of Colorado, United States of America and having a principal place of business of 100 Inverness Terrace East, Englewood, Colorado 80112 ("**ASSIGNOR**"), owns rights in, to and under the patent applications set forth in the attached Schedule A (the "**Properties**"); and

WHEREAS, **EchoStar Technologies L.L.C.**, a limited liability company organized and existing under the laws of the State of Texas, United States of America and having a principal place of business of 100 Inverness Terrace East, Englewood, Colorado 80112 ("**ASSIGNEE**"), is desirous of acquiring **ASSIGNOR'S** entire right, title and interest in, to and under the **Properties**.

WHEREAS, **ASSIGNOR**, to the extent they own any right, title and interest in and to the **Properties** is desirous of assigning any and all such rights, title and/or interest to **ASSIGNEE**.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the **ASSIGNOR** has sold, assigned, transferred and set over, and by these presents does hereby sell, assign, transfer and set over, unto the **ASSIGNEE**, its successors, legal representatives and assigns, the entire right, title and interest in, to and under the **Properties** and any and all letters patent or patents in the United States of America and all foreign countries which may be granted therefore and thereon (including any divisions, continuations, continuations-in-part, reissues, reexaminations or extensions of letters patents and other related applications arising from, corresponding to and/or claiming priority to any of the **Properties**) and the registration thereof, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by the **ASSIGNEE** for its own use and enjoyment and for the use and enjoyment of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent may be granted, as fully and entirely as the same would have been held and enjoyed by the **ASSIGNOR** had this assignment not been made, and further including all income, royalties, damages and payments for past or future infringements and misappropriations thereof, all rights to sue for past, present and future infringements or misappropriations thereof, and all rights corresponding to any of the above throughout the world and for the full term or terms of assigned **Properties**;

AND for the same consideration, **ASSIGNOR** hereby covenants and agrees to and with **ASSIGNEE**, its successors, legal representatives and assigns, that **ASSIGNOR** will encourage its employees named as inventors on one or more of the assigned **Properties**, to make, execute and deliver any and all other instruments in writing as may be necessary to assign the **Properties** to **ASSIGNEE**, including, but not limited to, any and all further application papers, affidavits, assignments and other documents, and that **ASSIGNOR** will communicate to **ASSIGNEE**, its successors, legal representatives and assigns, all facts known to **ASSIGNOR** relating to the **Properties**, and that **ASSIGNOR** will testify in all legal proceedings and generally do all things which may be necessary or desirable to more effectually secure to and vest in **ASSIGNEE**, its successors, legal representatives and

assigns, the entire right, title and interest in and to the Properties;

AND THE ASSIGNOR HEREBY authorizes and requests the Commissioner of the United States Patent and Trademark Office, and any official of any country or countries foreign to the United States, whose duty is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument

IN WITNESS WHEREOF, the undersigned have executed this Patent Assignment as of the date of the 7th date of FEBRUARY, 2017

Assignee: EchoStar Technologies International Corporation

Dean A. Manson

State of Colorado
County of Arapahoe

The foregoing instrument was acknowledged before me this 7th day of FEBRUARY, 2017 by Dean A. Manson, Executive Vice President, General Counsel & Secretary of EchoStar Technologies International Corporation, a Colorado corporation, on behalf of the company.

My Commission Expires: _____
Notary Public
