ASSIGNMENT

WHEREAS, Daniel Ray Downen of 1600 S. Paddock Road, Greenwood, IN 46143 (hereinafter referred to as "Mr. Downen"), is the owner of Maintain Your Edge, LLC, an Indiana limited liability company having a principal place of business at 1600 S. Paddock Road, Greenwood, IN 46143 (hereinafter referred to as "Assignee");

WHEREAS, Mr. Downen (hereinafter referred to as "Assignor") has, on behalf of Assignee, made a new and useful invention in the field of HANDHELD SKATE BLADE SHARPENER (hereinafter referred to as "Invention") as described at least in part in drawings, notes, and recorded media, including but not necessarily limited to U.S. Provisional Patent Application Serial No. 62/837,348, filed April 23, 2019 and U.S. Patent Application No. 16/856,354, filed April 23, 2020 (hereinafter collectively referred to as "Documents");

WHEREAS, all of the entire right, title, and interest in, to and under said Invention, said Documents, and in any Letters Patent, United States and foreign, which may be obtained therefore and thereon is owned by or is being transferred to Assignee;

NOW, THEREFORE, to all whom it may concern, be it known that for and in consideration of good, valuable and sufficient consideration to Assignor in hand paid, the receipt of which is hereby acknowledged, Assignor has sold, assigned and transferred, agrees to sell, assign and transfer, and by these presents does sell, assign and transfer unto Assignee, all of the entire right, title, and interest, including the beneficial interest, in, to and under, including all rights to file, all rights of priority and all causes of action related to, said Invention and said Documents, and in, to and under said application for United States Letters Patent, and any and all other applications thereon and arising therefrom, including any and all applications claiming the benefit thereof, and any and all divisions and continuations thereof, and any and all patents to be issued and obtained therefor and thereon, United States and foreign, including all reissues and extensions thereof.

Assignor acknowledges that said Invention, whether disclosed in said Documents or not, is the property of Assignee and any non-public information related thereto, including said Documents and the information disclosed in said Documents, is to be maintained in confidence and is not to be disclosed by Assignor to any third party without the consent of Assignee, unless required by law, required to satisfy a legal obligation on behalf of Assignee, or required to support a defense of Assignor against a legal claim by Assignee. This obligation of confidentiality survives the termination of employment or any contract for any services between Assignor and Assignee.

Assignor agrees to assign and execute any and all other papers necessary or desirable for the procurement of Letters Patent on said Invention in this and all foreign countries for the use of Assignee, said agreement surviving Assignor's employment by, or contract with, Assignee.

This Assignment may be executed in counterparts, each of which shall be deemed an original and all of which together shall be considered one and the same agreement. Signatures exchanged by e-mail, facsimile, or other electronic means shall be effective for all purposes hereunder to the same extent as original signatures.

If any provision of this Assignment shall be ruled invalid or unenforceable by a court of competent jurisdiction, that ruling shall not affect the validity or enforceability of the remaining provisions of this Assignment, which remaining provisions shall continue in full force and effect as if this Assignment had been executed with the invalid portion eliminated.
