FSE, receipt of which is hereby acknowledged, the Inventor and UTC FSE each HEREBY ASSIGN to CARRIER all right title and interest in and to the Invention(s) and the Patent Application in any country of the world including:

- (i) The right to file applications for, and be granted, patents, utility models, registered designs, design patents, registration of copyright or other intellectual property rights in any country of the world, in respect of the Invention(s), whether under national regional or international arrangements
- (ii) The right to claim priority under any national, regional or international law or treaty from the Patent Application or from any other Application for intellectual property rights in respect of the Invention(s)
- (iii) The right, title and interest in the Patent Application and any patent granted in consequence thereof including the right to sue for damages and other remedies in respect of any infringement of said patent

TO HOLD the same unto CARRIER absolutely

2. CARRIER shall have the right to file applications for and/or be granted patents, utility models, registered designs, design patents, and any other intellectual property rights in its own name or in the name of the Inventor or in such other name or names as CARRIER may desire and the Inventor and UTC FSE acknowledge that if any such applications are filed or rights granted in the name of the Inventor or UTC FSE the same shall be held in trust by the Inventor or UTC FSE for CARRIER and shall at the request of CARRIER be transferred from the Inventor or UTC FSE to CARRIER for no further consideration

3. The Inventor and UTC FSE hereby covenant with CARRIER if and when required by CARRIER to sign execute and do all such further documents acts or things as may be necessary or desirable to enable CARRIER to procure and enjoy the full and exclusive benefit of the Invention(s) and of all rights therein including patents, design patents, registered designs, utility models or other intellectual property rights in any country of the world including if required the execution of further assignments by way of confirmation of this assignment and the execution of documents in connection with applications for patents,
