ASSIGNMENT

WHEREAS Baker Hughes Netherlands Holdings II B.V., a company, duly registered and validly existing under the laws of a Dutch company, and having its registered address at Boezemschop 8, 1724 BJ Oudkarspel, The Netherlands (the "Assignor") was the sole owner and is currently the sole owner of record in and to certain new and useful improvements disclosed in certain Letters Patent and/or applications for Letters Patent (jointly "Patents"), as follows:

<u>Application/Patent Number</u>	<u>Description</u>
----------------------------------	--------------------

See Exhibit A

all right, title and interest therein referred to collectively as the "Patent Rights".

And WHEREAS, Baker Hughes Holdings LLC, a corporation of the State of Delaware, and having a principal place of business at 17021 Aldine Westfield Rd, Houston, Texas 77073 (the "Assignee") is desirous of acquiring the entire right, title and interest in said applications and patents, which may issue thereon;

And WHEREAS, Baker Hughes Holdings LLC, together with any successors, legal representatives, or assigns thereof, desires to acquire the entire aforesaid Patent Rights throughout the world; and all right, title and interest in, to and under any and all corresponding Letters Patent of the United States and all other countries throughout the world;

NOW, THEREFORE, be it known by all whom it may concern that for good and valuable consideration, the receipt of which is hereby acknowledged, and for other good and valuable consideration, the Assignor hereby confirms that it has sold, assigned, transferred, and set over and does hereby sell, assign, transfer, and set over to the Assignee, effective October 2, 2020, legal title to all said Patent Rights in the Patents throughout the entire world, in and to said applications for U.S. Letters Patent, and any and all divisions, continuations, substitutions, continuations-in-part, reexaminations reissues and extensions thereof, and any and all Letters Patent of the United States and non-US countries which may be granted therefore on such inventions or improvements; and specifically including all priority rights under all available International Agreements, Treaties and Conventions for the protection of Intellectual property in its various forms in every participating country, and applications for patents (including related rights such as utility-model registrations, inventors certificates and the like) heretofore or hereafter filed for such applications in any United States or non-US countries and all patents granted for such applications in the US and any non-US country, and Assignor hereby authorizes and requests the United States Commissioner for Patents and Trademarks, and any officials of any non-US countries whose duty it is to issue patents on

applications as aforesaid, to issue any and all Letters Patent on such inventions or resulting from said application and from any and all divisions, continuations, and reissues thereof to Assignee in accordance of the terms of this Assignment.

The assignments and transfers described herein are to be held and enjoyed by Assignee for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Letters Patent of the United States and non-US countries are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made. Assignor further assigns and transfers to Assignee whatever cause of action Assignor may have for past or present infringement of said invention, together with the right to bring suit for any such infringement and to seek and receive damages and other relief arising from any such infringement.

Assignor hereby covenants that it has the full right to transfer the Patent Rights and that it has the full right to confirm this assignment that conveyed the entire interest in the Patent Rights, and that Assignor has not executed and will not execute any agreement in conflict therewith.

IN TESTIMONY WHEREOF, we the Assignor hereby understand and agree to the terms described above, and hereby execute this Assignment

EXECUTED THIS 29 day of January, 2021.
