ASSIGNMENT

WHEREAS, we, Charles J. Flynn, a citizen of the United States of America and having an address of 25409 Timberlake Trail, Greenwood, Missouri 64034, Cooper N. Tracy, a citizen of the United States of America and having an address of 20003 S. Pickering Road, Belton, Missouri 64012, and W. Scott Hunter, a citizen of the United States of America and having an address of 1306 Cypress Drive, Greenwood, Missouri 64034 have invented certain new and useful systems and/or methods known as:

High Speed Switching Solid State Relay Circuit

for which application(s) for patent were filed in the United States Patent and Trademark Office on May 7, 2015, which was assigned U.S. Patent App. Serial No. 14/706,010; and

WHEREAS, QM Power, Inc., a corporation having an address of 9680 Marion Ridge, Kansas City, MO 64137, is desirous of acquiring an interest in, to, and under the invention, the application(s), and any and all patents that may be granted for or upon the invention and/or the application(s) in the United States of America and all other countries.

NOW THEREFORE, to all whom it may concern, be it known that for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, we, Charles J. Flynn, Cooper N. Tracy, and W. Scott Hunter, have sold, assigned, and transferred, and by these presents do sell, assign, and transfer, to QM Power, Inc. the entire right, title, and interest, throughout the world, in, to, and under the following:

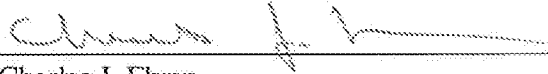

- (a) the invention(s) as set forth and described in any specification(s) associated with the above-referenced application(s), if any, including prepared, executed, to be executed, or not executed by me/us therefor, preparatory to obtaining one or more patents of the United States and/or countries foreign thereto, whether prepared, executed, to be executed, not executed, and/or filed as provisional application(s) and/or non-provisional application(s);
- (b) all of the above-referenced application(s);
- (c) any and all provisionals and non-provisionals, refilings, divisions, continuations, and continuations-in-part of the application(s);
- (d) any and all patents of the United States of America that may issue from the application(s), refilings, divisions, continuations, and continuations-in-part;
- (e) any and all reissues, reexaminations, and extensions of the patents of the United States of America;

Assignment for Serial No. 14/706,010

- (f) any and all applications for patent for or upon the invention that may be filed in any and all countries foreign to the United States of America;
- (g) any and all refilings, divisions, and continuations of the foreign-filed applications;
- (h) any and all patents of countries foreign to the United States of America that may issue from the foreign-filed applications, refilings, divisions, and continuations; and
- (i) any and all extensions of, and additions to, the patents of countries foreign to the United States of America;
- (j) the right to apply or continue prosecution for any of the above and revive prosecution of any abandoned rights for any of the above; and
- (k) all causes of action and enforcement rights for any of the above, including all rights to pursue damages, injunctive relief, equitable relief, and other remedies and all past, present, and future damages to or for any of the above.

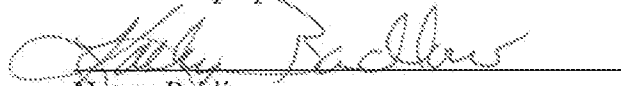

ALL of the above shall be held and enjoyed by QM Power, Inc. for its own use and benefit, and for its successors, legal representatives, and assigns, to the full end of the term for which any patents may be granted, and I/we do hereby authorize and request the Patent Office or other government agency in each jurisdiction to issue any patents or certificates of invention or equivalent that may be granted upon any of the above in the name of QM Power, Inc.
