WHEREAS, Assignee desires to acquire and Assignor is willing to assign to Assignee all of Assignor's right, title, and interest in and to the patents and patent applications identified in Exhibit A and any inventions disclosed and claimed therein, including all causes of action for past infringement.

NOW, THEREFORE, the Assignor and Assignee agree as follows:

1. For good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Assignor hereby transfers, grants, conveys, assigns, and relinquishes exclusively to Assignee all of Assignor's right, title, and interest in and to the patents and patent applications identified in Exhibit A to this Agreement, the inventions claimed therein, and any other U.S. or foreign patent or patent application that contains the same disclosure as or directly or indirectly relies for priority on a patent or patent application identified in Exhibit A.

3. In furtherance of this Agreement, Assignor hereby acknowledges that, from the Effective Date forward, Assignee has succeeded to all of Assignor's right, title, and standing to receive all rights and benefits pertaining to the patents and patent applications identified in Exhibit A, including any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the patents and patent applications identified in Exhibit A, to institute and prosecute all suits and proceedings, and to take all actions that Assignee, in its sole discretion, may deem necessary or proper to collect, assert, or enforce any claim, right, or title of any kind under any and all of the patents and patent applications identified in Exhibit A, whether arising before or after the Effective Date, to defend and compromise any and all such actions, suits, or proceedings relating to such transferred and assigned rights, title, interest, and benefits, and to do all other such acts and things in relation thereto as Assignee, in its sole discretion, deems advisable.

4. This Agreement shall be binding upon and shall inure to the benefit of the Assignor and Assignee hereto and their respective successors and assigns.
5. This Agreement merges and supersedes all prior and contemporaneous agreements, assurances, representations, and communications between or among the parties hereto concerning the matters set forth herein.
