ASSIGNMENT

In consideration of the sum of One Dollar and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the undersigned

Rigshospitalet Copenhagen University Hospital
Blegdamsvej 9
DK-2100 Copenhagen Ø
Denmark

do hereby declare that we have assigned to

Fertilitypro ApS
Rosenstandsvej 17A
DK-2920 Charlottenlund
Denmark

all our rights to all our rights to the application and patent umbers as listed in Annex A for the invention entitled

Antibodies, compounds and derivatives thereof for use in the treatment of male infertility

This assignment covers the full and exclusive right, title and interest in and to the aforesaid invention, the Application and any and all improvements and/or modifications to the aforesaid invention and Application, and in and to any and all patent applications and/or Letters Patent of any and all countries related to the invention, the Application, and/or any and all improvements and/or modifications to the aforesaid invention and applications, including but not limited to, provisional applications, conversions to utility applications, continuations, continuations-in-part, continuing prosecution applications (CPAs), requests for continuing examination (RCEs), reissues, reexaminations, extensions, substitutes, renewals and divisions which may be filed or granted therefor and all rights to claim priority in whole or in part on the basis of the application.

The Assignor hereby covenants for us and our legal representatives, and agrees with said Assignee, its successors and assigns, that we have the full right to convey the entire interest herein conveyed and that we have granted no right or license to make, use, sell or offer to sell said invention, Application, any other applications or properties identified herein, to anyone except said Assignee, that prior to the execution of this deed, our right, title and interest in said invention, Application, or any other applications or properties identified herein had not been otherwise encumbered, and that we have not and will not execute any instrument in conflict with this Assignment.

The Assignor hereby covenants and agrees, on their own behalf and on behalf of their successors and assigns, to execute any additional assignments and other documents required in connection with the prosecution of the Application or patent applications as well as to perform any additional acts necessary to enable the Assignee or its successors, legal representatives and assigns, to enjoy the full rights of this Assignment, including applying for a patent for the invention in any country of the world, and assigning the Application or any other applications of any country of the world and any patent or patents issuing thereon to the said Assignee or its successors, legal representatives and assigns.

We hereby authorize and request the Commissioner of Patents and Trademarks to issue any and all Letters Patent to Fertilitypro ApS, the Assignee of the entire right, title and interest in and to the same, for its sole use and benefit, and for the use and benefit of its successors or assigns, to the full end of the term for which Letters Patent may be granted as fully and entirely as the same would have been held by the Assignor had this assignment and sale not been made.

In witness thereof the parties hereto have executed this assignment as of the day and year stated below.
