ASSIGNMENT OF PATENT RIGHTS

For valuable consideration, Strike Derivatives Inc., a corporation having a place of business at 99 Hudson Street, 5th Floor, New York, NY 10013 (hereinafter called "the Assignor") assigns to Strike Protocols Inc. a corporation having a place of business at 99 Hudson Street, 5th Floor, New York, NY 10013, and its successors and assigns (collectively hereinafter called "the Assignee"), the entire right, title and interest throughout the world in the inventions and improvements described in Schedule A, and including any and all United States and foreign patents, utility models, and design registrations granted for any of said inventions or improvements, and the right to claim priority based on the filing date of said application under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes; and including in that assignment all rights to enforce and sue for past, present and future infringement of the foregoing and any additional patents, utility models, and design registrations emanating therefrom or claiming priority thereto, and to collect all damages based thereon; and Assignor authorizes the Assignee to apply in all countries in Assignor's name for patents, utility models, design registrations and like rights of exclusion and for inventors' certificates for said inventions and improvements; and Assignor agrees for itself and its respective successors, legal representatives and assigns, without further compensation to perform such lawful acts and to sign such further applications, assignments, Preliminary Statements and other lawful documents as the Assignee may reasonable request to effectuate fully this assignment.
