ASSIGNMENT

THIS ASSIGNMENT is made on the 13th day of the month of November of the year two thousand and 2019, between CNH INDUSTRIAL BELGIUM NV, a corporation duly organized and existing under and by virtue of the laws of Belgium and having a registered address at Leon Claeyssstraat, 3A, B-8210 Zedelgem, Belgium (hereinafter referred to as "the Assignor") of the one part and CNH INDUSTRIAL AMERICA LLC, a corporation organized and existing under and by virtue of the laws of the State of Delaware, United States of America, and having a registered address at 500 Diller Avenue, P.O. Box 1895, New Holland, Pennsylvania, 17567-0903, USA (hereinafter referred to as "the Assignee") of the other part.

WHEREAS

(A) The Assignor is the beneficial owner of: the entire right, title and interest, domestic and foreign, in the improvements in the following:

Agricultural Baler

invented by Tom De Gerssem, Ben Depoorter, Eric Michael Jacobsthal, Dominick Joos, Peter Vanhoutte, Giampiero Vietti Nicot and Jan Raaben; set forth in the application for European Community Designs Patent having serial number 006477154 (hereinafter referred to as "the EM Application"), describing said improvements and any EM Patents granted therefor; of any and all Applications for Patent and Patents granted therefor in any and all other countries, including all divisions, reissues, continuations and extensions therefor (hereinafter referred to as "the Patent Rights"); and of all right of priority resulting from the filing of said EM Application.

(B) The parties hereto have agreed that the Assignor's Patent Rights in said improvements in the territory of the United States of America should be transferred by the Assignor to the Assignee for the consideration hereinafter set forth.

NOW IT IS HEREBY AGREED that:

1. In consideration of the sum of one dollar now paid by the Assignee to the Assignor (the receipt whereof is hereby acknowledged), the Assignor as beneficial owner hereby assigns the entire right, title and interest in the territory of the United States of America, resulting from the filing of said Belgian Application, including all right of priority, any and all Applications for Patent (hereinafter referred to as "the Corresponding Applications") and any and all Patents granted pursuant to the Corresponding Applications (hereinafter referred to as "the Corresponding Patents"), any and all divisions thereof and all the rights, powers, liberties and immunities arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of such rights or other acts within the scope of the claims of the specifications accompanying the Corresponding Applications, to the Assignee free from all license charges or other encumbrances to the intent that the filing of the Corresponding Applications and a grant of the Corresponding Patents thereon shall be in the name of and shall vest in the Assignee to hold unto the Assignee absolutely.

2. The Assignee hereby accepts such assignment.

3. At the request and cost of the Assignee, the Assignor shall assist the prosecution of said Corresponding Applications to grant and will assist the defense of any proceedings by way of intervention or in opposition to the Corresponding Applications or grant of Corresponding Patents and will execute all such deeds and documents and do all such acts as may be necessary or desirable formally to register this Assignment at the United States Patent and Trademark Office and to render this Assignment effective under the national law of the United States of America and the laws of the states thereof and to procure the grant of the Corresponding Patents pursuant to the Corresponding Applications.

4. The Assignee shall by virtue of this Assignment be entitled to the filing of the Corresponding Applications and the grant of the Corresponding Patents in its own name.
