**SECTION 1. Definitions.** Capitalized terms used but not defined herein have the meanings ascribed to such terms in the Purchase Agreement.

**SECTION 2. Assignment.** Assignor hereby sells, assigns, transfers, conveys and delivers to the Assignees, and the Assignees hereby accept the sale, assignment, transfer, conveyance and delivery of, all of the Assignor’s right, title and interest in, to and under the Assigned Patents, together with all the rights of enforcement and the rights, interests, claims and demands recoverable in law or equity that the Assignor has or may have in profits and damages for past, present and future infringements or other conflicts arising from the Assigned Patents, including the right to compromise, sue for and collect such profits and damages, all rights of priority resulting from the filing of the Assigned Patents, and all other rights of Assignor, including
