ASSIGNMENT

This ASSIGNMENT OF PATENTS RIGHTS ("Assignment") is made of the 28 day of January, 2021 by VEONEER US, INC., a Delaware corporation having an address at 26360 American Drive, Southfield, Michigan 48034 U.S.A. ("Assignor") to ZF Active Safety US Inc. a Delaware Corporation having an address at 12001 Tech Center Drive, Livonia, Michigan 48150 U.S.A. ("Assignee").

As contemplated by the Asset Purchase Agreement between the Assignor and the Assignee dated August 10, 2020, TO ALL IT MAY CONCERN, be it known that for and in consideration of a sum of One Dollar \$1.00 USD (the receipt of which is hereby acknowledged by the Assignor), the Assignor hereby agrees to sell, assign and transfer unto the said Assignee and hereby transfers and assigns to Assignee, and Assignee hereby accepts the transfer and assignment of, all of Assignor's entire worldwide right, title and interest in, to and under the patent and patent applications listed the attached Exhibit A, and all inventions pertaining thereto, including all rights therein and thereto, all rights of priority claimed therein or thereto, all future filings anywhere in the world claiming priority thereto, as well as all issuances, divisions, continuations, continuations-in-part, continuing applications, certificates, registrations, reexaminations, reissues, renewals, and extensions thereof, and all other patents, applications, and corresponding or related intellectual property rights, anywhere in the world, that issue from or that claim priority from, directly or indirectly, any of the patents and applications listed in Exhibit A, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made; together with all rights in and to causes of action and enforcement rights for the patents, applications and any other intellectual property rights assigned herein, including all rights to sue, pursue past, present and future damages, injunctive relief, and any other remedies for past, present and future infringement, impairment, unauthorized use, or other violation.

Assignor agrees to take such further actions and execute such further documents as may be necessary to effect and record the above Assignment, including any actions or documents required by the applicable registrar or office to document the transfer herein or as may be necessary to protect, secure and vest good, valid and marketable title to such patents, applications and related rights in Assignee. Assignor hereby agrees to execute any further documents and take any further actions as may be necessary to aid Assignee in perfecting its interest in, prosecuting, maintaining, and enforcing, the patents, applications and related rights assigned herein.

Assignor hereby authorizes and requests the Commissioner for Patents of the United States, and any officer or agency of any country foreign to the United States, whose duty it is to issue patents or other evidence or forms of intellectual property protection, to issue the same to Assignee in accordance with the terms of this Assignment.

This Assignment shall be governed and construed in accordance with the laws of the State of Michigan without giving effect to the principles of conflicts of laws thereof.

IN WITNESS WHEREOF the Assignor and Assignee have executed this Assignment of Patents Rights as of the date set forth above.
