The Work also consists of all foreign and domestic patents that issue from at least one of the above patent applications.

Therefore, for valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby assigns to Assignee 100% of Assignor’s right, title, and interest throughout the world in the Work.

Assignor hereby assigns to Assignee 100% of Assignor’s right, title, and interest in all foreign patents that may issue from foreign patent applications (as well as divisions and continuations in whole or part or substitute applications) filed claiming the benefit of the Work.

Assignor further agrees to (a) execute, verify, acknowledge, and deliver all such further papers, including patent applications and instruments of
