Ambu A/S

Baltorpbakken 13

2750 Ballerup, Denmark

Registration no. 63644919

hereinafter called the "ASSIGNEE", and to the extent of any rights we may still have, we hereby assign to the ASSIGNEE, our entire right, title and interest, in and to the following invention(s):

VIDEO PROCESSING DEVICE

For which Danish patent application No. **PA 2020 70117** has been filed on **21 February 2020** in the name of the ASSIGNEE.

The ASSIGNEE or those to whom said ASSIGNEE assigns its rights are hereinafter the sole proprietor of all rights to the said invention(s) and have the disposal thereof at its own discretion.

This assignment comprises the right to apply for protection for the invention(s) in all countries through international, regional or national patent application or utility model application or in any other way as well as the right to claim priority from the filing date of the first-filed application describing, at least in part, the invention, and the right to apply for protection of improvements to the invention in subsequent applications claiming priority to the first-filed application, including continuation-in-part applications.

The ASSIGNORS commit themselves and their legal successors of any kind to be at disposal with such information, which the ASSIGNEE, its patent attorney or its legal successors may need regarding the invention(s) and its protection in Denmark as well as in other countries.

And the ASSIGNORS commit themselves and their legal successors of any kind, without delay and remuneration, possibly before a Notary Public or other authority - but without costs for the ASSIGNORS or their legal successors - to sign all such documents which the ASSIGNEE, its patent attorney, or its legal successors may require in order to obtain protection.

If the conditions require that the invention(s) needs protection by more than one patent or utility model in any country, the assignment and commitments are valid on all such applications and documents which the ASSIGNEE, its patent attorney or its legal successors in that circumstance may wish.

As already informed the ASSIGNEE will in accordance with applicable data protection laws, in particular the Regulation (EU) 2016/679 (European Union General Data Protection Regulation), be processing the ASSIGNORS' personal data (full name, home address and nationality) to document inventorship and entitlement of the abovementioned invention(s) for the purposes of obtaining protection of the invention(s) and utilizing the rights conferred. The processing of the aforementioned ASSIGNORS' personal data is a requirement to comply with by applicable laws. More information about rights as a registered person with Ambu can be found on: <https://www.ambu.com/privacy-statement>. The ASSIGNEE is the data controller and will always respect the ASSIGNORS' rights as a registered person. The ASSIGNEE will delete personal data of the ASSIGNORS', when processing is no longer required for the purpose stated above nor required by applicable data protection and retention laws. Personal data will be exchanged with the ASSIGNEE's patent attorneys and relevant authorities, in particular the patent offices in all countries in which ASSIGNEE may file patent applications, ("Data Recipients") for the purposes stated above.
