ATTORNEY DOCKET: 4745/1015

APPLICATION NO.: 16/523,898

FILING DATE: July 26, 2019

Assignor is a joint inventor of a certain new and useful invention (the "Invention") described in a patent application (the "Application") filed with the U.S. Patent & Trademark Office bearing the above attorney docket number and the above application number and having as a title the above name for the Invention. At the time of Assignor's contribution to the Invention, Assignor was a party to the Confidentiality, Non-Solicitation and Non-Competition Agreement, which he signed on October 1, 2015 (the Agreement), and pursuant to which he agreed to assign to Assignee, and did assign to the Assignee, all inventions invented by him either solely or jointly with others. For valuable consideration, receipt of which is acknowledged, Assignor hereby confirms that pursuant to the Agreement, he assigned to Assignee (which term shall include Assignee's successors and assigns) all of Assignor's right, title and interest in the Invention, all improvements therein, the Application and all priority rights arising therefrom, and any patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Application, any divisional, continuation-in-whole, or substitute United States application which is based on the Application; or any continuation-in-part United States application (including divisions, continuations-in-whole or -in-part, and substitutions thereof or therefor) based in-part on any of the above described applications; and Assignee accepts that assignment.
