Assignment

We, Giovanni VOZZI, Aurora DE ACUTIS, Carmelo DE MARIA, and Guglielmo PACETTA, all residing in Italy, represent that we have invented a new and useful "A COMBINED ELECTROSPINNING AND MICROEXTRUSION APPARATUS", for which we have executed an international patent application on May 03, 2019, under PCT/IB2019/053625.

UNIVERSITA' DI PISA is organized and existing under the laws of Italy, has a place of business at Lungarno Pacinotti 43/44, I-56126 PISA, Italy, and desires to acquire the entire right, title and interest in and to the invention, application and letters patent to be granted and issued thereon, including but not limited to a United States national phase entry based on the above-referenced international patent application.

For valuable consideration, the receipt and legal sufficiency of which we acknowledge, We have sold and do hereby sell, assign, transfer and set over unto UNIVERSITA' DI PISA, its successors and assigns, the entire right, title and interest in and to the invention and all improvements thereon, in and to the application for letters patent thereon and any United States national stage entry based on the application, in and to applications pertaining to or based upon the invention and international and national stage applications, including divisional and continuing applications and continuations-in-part, and in and to any and all letters patent which may be granted and issued on the invention and applications, or any of them, in the United States of America, its territories and possessions, and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

We also agree that we will, at the request of UNIVERSITA' DI PISA execute any and all applications for letters patent for the invention, execute any and all other papers and documents and do all other and further lawful acts that UNIVERSITA' DI PISA, may deem necessary or desirable to obtain letters patent on the invention, to secure the grant of such letters patent and to protect and vest in UNIVERSITA' DI PISA, the undivided interests in the right, title and interest in the invention, applications and letters patent.
