The Purchaser and the Company may be referred to herein as the "Parties" and individually as a "Party."

WHEREAS, the Purchaser and the Company are parties to an Asset Purchase Agreement, dated as of the date hereof (the "Asset Purchase Agreement"), pursuant to which the Purchaser agreed to acquire from the Company, and the Company agreed to sell and assign to the Purchaser, certain of the assets of the Company;

WHEREAS, this Agreement is being delivered pursuant to the terms of the Asset Purchase Agreement;

WHEREAS, the Company is the owner of the entire right, title, interest, benefits, privileges and goodwill in and to all of the Purchased Intellectual Property, including (without limitation) software and source code, unregistered and registered trademarks, copyrights, domain names, trade names, service marks, service names, patents and all registrations and pending applications therefor, including without limitation those set forth on Exhibit A hereto and all goodwill associated therewith, together with the right to sue and collect damages for any past, present or future infringement, misappropriation or other violation thereof (the "Assigned Intellectual Property");

WHEREAS, pursuant to the Asset Purchase Agreement, the Company wishes to assign to the Purchaser the Company's entire right, title, interest, benefits, privileges and goodwill in and to the Assigned Intellectual Property; and

WHEREAS, the Purchaser is desirous of acquiring the Company's entire right, title, interest, benefits, privileges and goodwill in and to the Assigned Intellectual Property.

NOW, THEREFORE, for and in consideration of the promises and the mutual covenants contained herein, and in the Asset Purchase Agreement, and for other good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged by the Parties, the Parties do hereby agree as follows:
