ASSIGNMENT

WHEREAS, Robert W. Zembrodt and Matthew W. Revercomb, (hereinafter referred to as "Assignors") have made one or more new and useful inventions or discoveries regarding Rotary Spinner Apparatuses, Methods and Systems for Producing Fiber from Molten Material (hereinafter collectively referred to as "the Invention") for which one or more United States patent applications, international patent applications, and/or foreign patent applications have been or may in the future be filed; and

WHEREAS, Knauf Insulation, Inc., a legal entity organized under the laws of Delaware having a principal place of business at One Knauf Drive, Shelbyville, Indiana 46176 (hereinafter referred to as "Assignee"), desires to acquire Assignors' entire right, title and interest in, to and under the Invention, and any and all United States, foreign and/or international patent applications and/or patents which disclose, describe and/or claim subject matter of the Invention;

NOW, THEREFORE, for good, valuable and sufficient consideration to each of the Assignors, the receipt of which is hereby acknowledged, Assignors do hereby assign, sell, and transfer unto Assignee their entire right, title, and interest in, to and under (i) the Invention, (ii) any and all United States, foreign and/or international patent applications which disclose, describe and/or claim subject matter of the Invention, (iii) any and all United States or foreign patents which disclose, describe and/or claim subject matter of the Invention, and (iv) any and all divisionals, continuations, continuations-in-part, foreign counterparts, reexaminations, reissues, extensions and applications claiming the benefit of or priority to any of the foregoing (hereinafter collectively referred to as "the Assigned Patent Rights").

Assignors acknowledge and agree that the Assigned Patent Rights include, without limitation, U.S. Provisional Application No. 62/723,132, filed August 27, 2018.

Assignors further acknowledge and agree that the Assigned Patent Rights include any and all future applications not filed at the time of execution of this Assignment which disclose, describe and/or claim subject matter of the Invention, or which claim priority to or the benefit of an application or patent which discloses, describes and/or claims subject matter of the Invention. With respect to such future applications, Assignors hereby authorize Assignee, its counsel, or its agents to fill-in some or all of the following information on one or more copies of this document at the discretion of the Assignee, its counsel, or its agents:

Country: US

Application No.: 17/184,955

Filing Date: February 25, 2021

Assignors hereby authorize and request the Honorable Assistant Secretary and Commissioner for Patents and Trademarks to issue said Letters Patent to Assignee, its assigns and legal representatives.

Assignors agree to assign and execute any and all other papers necessary or desirable for the procurement of Letters Patent on the above referenced invention in this and all foreign countries for the use of Assignee.

Each of the Assignors represents and warrants that Assignors are the rightful owners of the Assigned Patent Rights free and clear of any liens, attachments, or encumbrances, that no assignment, sale, or agreement respecting the Assigned Patent Rights has been made or entered into which would conflict with this Assignment, and that Assignors have no obligation or duty which would preclude or conflict with this Agreement. Each of the Assignors covenants that no assignment, sale, agreement or encumbrance will be made or entered into which would conflict with this Assignment.
