## ASSIGNMENT

THIS ASSIGNMENT, made by me, **Richard D. Williams**, residing in Wylie, Texas;  
WITNESSETH: That,

WHEREAS, I am the sole inventor of certain new and useful improvements in  
**MODULE FOR A TELECOMMUNICATIONS POLE**, for which U.S. Patent Application  
No. **17/188,088** was filed on **March 1, 2021** in the United States Patent and Trademark Office;  
and

WHEREAS, **CommScope Technologies LLC**, a North Carolina corporation having a  
principal place of business at 1100 CommScope Place SE, Hickory, North Carolina 28602,  
hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in  
and to said invention as described in said provisional application, and in and to any and all  
Letters Patent which shall be granted therefor in the United States of America and all foreign  
countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable  
consideration, the receipt and sufficiency of which is hereby acknowledged, I have sold and by  
these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors  
and assigns, the entire right, title, and interest in and to the said invention and provisional  
application, and in and to any and all subsequent patent applications which claim the benefit of  
priority from said provisional application including regular utility, continuations, and  
continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United  
States of America and all foreign countries or reissues or other forms of protection thereof which  
may be granted for the invention in or on applications claiming the benefit of priority from said  
provisional application, for the full end of the term for which said Letters Patent may be granted  
along with any term extensions thereof or therefor, together with the right to claim the benefit of  
priority from said application in all foreign countries in accordance with the International  
Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully  
and entirely as the same would have been held and enjoyed by me if this assignment and sale had  
not been made.

I further covenant and agree that, at the time of the execution and delivery of these  
presents, and to the extent not already assigned to the assignee, I possess full title to the

invention and provisional application above-mentioned, and that I have the unencumbered right and authority to make this assignment.

I further covenant and agree to promptly communicate to said assignee or its representatives any facts known to me relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns, and other legal representatives; and I hereby instruct, and further covenant and agree to bind our heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said assignee or its representatives.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 23 day of

February, 2021

  
Richard D. Williams (SEAL)
