ASSIGNMENT

WHEREAS, Michael Graves Design Group, Inc., (hereinafter referred to as Assignor), a corporation having a place of business at 341 Nassau Street, Princeton, New Jersey 08540, United States of America, pursuant to a Purchase Agreement dated May 23, 2017 (hereinafter referred to as Prior Agreement), previously sold, assigned, transferred, and set over to Stryker Corporation, a Michigan corporation having a place of business at 2825 Airview Boulevard, Kalamazoo, Michigan 49002, USA (hereinafter referred to as Assignee), all of Assignor's right, title, and interest in and to the invention:

PATIENT TRANSPORT SYSTEM

which is set forth in United States Patent Application No. 16/108,695 filed on August 22, 2018, which claims priority to and benefit of U.S. Provisional Patent Application No. 62/548,687 filed on August 22, 2017, and

WHEREAS, Assignee has previously acquired said invention, said patent application, and any U.S. and/or foreign patent applications and/or patents that may be obtained therefore or thereupon pursuant to the Prior Agreement from Assignor to Assignee, and Assignee is desirous of confirming said Prior Agreement and, to the extent not already acquired, acquiring the entire right, title and interest in and to said invention or inventions, said patent applications, and any U.S. and/or foreign patent applications and/or patents that may be obtained therefore or thereupon;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, said Assignor confirms that said Assignor has sold, assigned, transferred and set over unto said Assignee and, to the extent not already sold, assigned, transferred, or set over unto said Assignee, does hereby sell, assign, transfer and set over unto said Assignee, its successors, assigns, or other legal representatives the full and entire right, title and interest in and to said invention and said patent application in the United States and throughout all countries foreign to the United States, including the right of said Assignee, its successors, assigns or other legal representatives to file any and all United States patent applications on said invention, including but not limited to the right to file any United States patent applications claiming priority to said patent application including, but not limited to, nonprovisional applications, divisional applications, continuation applications, and continuation-in-part applications, the right to claim priority to the provisional patent application, and the right to seek reissues or extensions of any patent in the United States, and including the right to file any foreign patent applications for said invention, including the right to file any foreign patent applications claiming priority to said patent application, and otherwise seek any patent in any foreign country, and including but not limited to, the right to file any foreign divisional applications, continuation applications, and continuation-in-part applications claiming priority to said patent application where such procedure is proper, and the right to seek reissues or extensions of any patent in any foreign country;

ASSIGNOR DOES HEREBY RATIFY any acts of said Assignee, its successors, assigns or other legal representatives in applying for a patent in any foreign country where such procedure is proper and does hereby agree to execute said foreign patent applications in the several countries where it is necessary that the same be executed by the inventor, and to execute assignments of said

foreign patent applications and any patent to be obtained therefore to said Assignee, its successors or assigns;

ASSIGNOR HEREBY AGREES that said Assignor, its successors, assigns or other legal representatives will at any time upon the request and at the expense of said Assignee, its successors, assigns, or other legal representatives, without undue delay, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable to perfect the title to said invention, said application, and any U.S. and/or foreign patent applications and/or patents that may be obtained therefore;

ASSIGNOR HEREBY AUTHORIZES and requests the Commissioner of Patents and Trademarks of the United States and any official of any country foreign to the United States whose duty it is to issue patents, to issue any patent and any reissues and extensions thereof to said Assignee its successors or assigns in accordance with this Assignment; and

ASSIGNOR HEREBY REPRESENTS and warrants that said Assignor has the full right to convey the entire interest of said invention and said application to the extent not previously assigned pursuant to the Prior Agreement, and have not granted any rights inconsistent with the rights granted herein.
