ASSIGNMENT

For good and valuable consideration, receipt of which is hereby acknowledged, Eaton Corporation of Cleveland Ohio, as "Assignor," does hereby assign, sell and set over to

Eaton Intelligent Power Limited
30 Pembroke Road
Dublin 4, Ireland

hereinafter referred to as the "Assignee," its successors, assigns or other legal representatives, the entire right, title and interest, domestic and foreign, in and to the invention and discoveries described and set forth in the below-identified patent application and the entire right, title and interest, domestic and foreign, in and to the invention and application and in any Letters Patent and Registrations and their legal equivalents which may be granted on any patent application (including patent, utility model and industrial designs) claiming priority from the same in the United States and all countries throughout the world:

Title of Invention: ELECTRICALLY CONDUCTIVE, HIGH STRENGTH, HIGH TEMPERATURE POLYMER COMPOSITE FOR ADDITIVE MANUFACTURING
Filing Date: January 30, 2018
Application No.: 15/883,800

and including the right of said Assignee, its successors, assigns or other legal representative to make applications and to receive Letters Patent for said inventions and discoveries in any and all foreign countries in Assignee's or their own name or names, at Assignee's or their election, and Assignor hereby assigns, sells and sets over to said Assignee, its successors, assigns or other legal representatives, all rights of priority in and to said inventions and discoveries in all countries, all applications claiming benefit of the filing date hereof, continuations, continuations-in-part, divisionals, reexaminations and reissue applications. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any divisional, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

And hereby agree that it will (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge and deliver any and all such further papers, including applications for Letters Patent of any and all kinds and in any and all countries and instruments of transfer, and (c) perform any and all acts which said Assignee, its successors, assigns or other legal representatives lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries and to vest title thereto in Assignee, or Assignee's successors and assigns, and all acts which Assignee, its successors, assigns or other legal representatives may deem necessary to secure thereto the rights herein assigned, sold and set over.

Assignor does hereby represent and warrant that it has not granted any rights inconsistent with the rights granted herein.

In testimony whereof, signed for and on behalf of Eaton Corporation.
