ASSIGNMENT

THIS ASSIGNMENT ("**Assignment**") is made effective as of May 14, 2020 ("**Effective Date**") by NORTHSTAR ENERGY MANAGEMENT, LLC, a Delaware limited liability company, having its principal place of business at 9229 Waterford Centre Blvd., Unit 110, Austin, Texas, United States of America, 78758 ("**Assignor**"), in favour of NOVASOURCE POWER OPCO, INC., a corporation formed under the laws of the state of Delaware, having its principal place of business at Tainall Building #104 3411 Silverside Road Wilmington DELAWARE 19810 ("**Assignee**").

WHEREAS, Assignor owns all right, title and interest in and to the patents and patent applications identified in Schedule "A" hereto ("**Assigned Patents**"); and

WHEREAS, Assignor wishes to assign to Assignee all of Assignor's right, title and interest in and to the Assigned Patents and to the inventions described and claimed therein.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor agrees that as of the Effective Date, Assignee is entitled to ownership of the Assigned Patents, and Assignor by these presents, does sell, assign and transfer unto Assignee, its successors and assigns, the whole right, title and interest in and to the Assigned Patents, and the inventions and designs described and claimed therein, including the right to any continuation, continuation-in-part, division, or substitute application thereof and the right to any reissue, restoration, extension or re-examination of any patent thereof, and in and to all income, royalties, damages, and payment now or hereafter due or payable with respect thereto and in and to all causes of action, either at law or in equity, and the right to sue, counterclaims, and recover for past, present, or future infringement of the rights assigned herein, the same to be held by Assignee, as fully and effectually as it would have been held by Assignor had this assignment and sale not taken place.

Assignor hereby covenants and agrees to execute and deliver any and all papers that may be necessary or desirable to perfect the title to these Assigned Patents in said Assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything as is deemed reasonably necessary to aid Assignee, its successors and assigns, to obtain and enforce proper protection for these inventions, applications,

registrations and patents in all relevant countries and jurisdictions throughout the world, it being understood that any incidental expense associated with these activities shall be borne by Assignee, its successors and assigns.

FURTHER, Assignor hereby authorizes the patent office in all relevant countries and jurisdictions to record Assignee as the assignee and owner of the Assigned Patents.
