## **ASSIGNMENT**

WHEREAS, I, Sherwood Noël Wagner, of 5935 Colhurst Street, Dallas, Texas 75230, USA, have invented certain new and useful improvements for container covers, and I have filed U.S. Patent Application No. 16/830,472 on March 26, 2020 entitled "Container Cover, Dispenser and Method of Use" for which I have executed a declaration.

WHEREAS, Colhurst Covers, LLC, (hereinafter referred to as "ASSIGNEE"), a limited liability company of the State of Texas, having its principal place of business at 5935 Colhurst Street, Dallas, Texas 75230, USA, is desirous of acquiring my entire right, title and interest in and to the invention, and in and to the said patent application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns and legal representatives the full and exclusive right, title and interest in and to said invention and in and to said patent application and all patents which may be granted therefor, and all nonprovisionals, divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof; and I hereby authorize and request the Commissioner of Patents to issue all patents for said invention, or patents resulting therefrom, insofar as my interest is concerned, to the said ASSIGNEE of my entire right, title and interest.

I also hereby sell and assign to said ASSIGNEE, its successors, assigns and legal representatives the full and exclusive right, title and interest to the invention disclosed in said patent application throughout the world, including existing patents and patent applications, and the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I

further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in ASSIGNEE, its successors, assigns and legal representatives.

I also covenant that no assignment, sales agreement, or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

I hereby further agree that I will communicate to said ASSIGNEE, or to its successors, assigns and legal representatives, any facts known to me respecting any improvements; and, at the expense of said ASSIGNEE, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make all lawful oaths, and generally do everything possible to vest title in said ASSIGNEE and to aid said ASSIGNEE, its successors, assigns and legal representatives to obtain and enforce proper protection for said invention in all countries.

I DO HEREBY AUTHORIZE and request the Commissioner of Patents and Trademarks to issue the said Letters Patent, including any divisions, renewals, reissues, and extensions thereof to the said ASSIGNEE, as assignee of the aforesaid interest in and to the same.

IN WITNESS WHEREOF, I have hereunto set my hand this 12th day of  
March, 2021.
