ASSIGNMENT OF PATENT APPLICATION

WHEREAS, Preventice Technologies, Inc., a corporation of the State of Delaware, having a place of business at 3033 41st Street NW, Suite 330, Rochester, Minnesota 55901, hereinafter referred to as "Assignor," is the owner of all or part of the right, title and interest in the inventions described and set forth in the below-identified patent application for United States Letters Patent:

Title of Invention: **WEARABLE PATCH WITH RIGID INSERT**
Filing Date: July 20, 2016
U.S. Patent Application Ser. No.: 15/214,904;
U.S. Patent No. 10,285,607; and

WHEREAS, Preventice Solutions, Inc., a corporation of the State of Delaware, having a place of business at 2900 37th Street NW, Building 003, Rochester, Minnesota 55901, hereinafter referred to as "Assignee," is desirous of acquiring an interest and/or a joint undivided interest in the invention and patent application and in any U.S. Letters Patent and Registrations which may be granted on any patent application claiming priority from the same;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents does assign to Assignee all of the rights Assignor held as to right, title and interest in and to each and every invention disclosed in the patent application, the patent application and to all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which may hereafter be granted on any patent application claiming priority from the same in the United States and all countries throughout the world, and to claim the priority from the patent application as provided by the Paris Convention or otherwise. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this Assignment not been made, for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof, and the right to recover, and to bring all such proceedings as may be necessary for the recovery of, damages or other forms of relief in respect of any and all infringements of the Letters Patent or Registrations, and all rights under the International Convention for the Protection of Industrial Property.

Assignor further agrees that it will, without charge to Assignor, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the invention and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the invention and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

Assignor hereby authorizes and requests Patterson + Sheridan, L.L.P., to insert hereinabove the application number, patent number, and filing date of the above-referenced patent application when known, if not already present.

IN TESTIMONY WHEREOF, Assignor has signed its name on the date indicated.

Dated: March 10, 2021
