ASSIGNMENT

WHEREAS, I, **Douglas Rumsam**, ("Assignor"), have invented certain improvements in various technologies, certain of which are reflected in the various patents and patent applications listed in Exhibit A (together with the improvements collectively referred to as the "Patent Assets"), and whereas Assignor has assigned certain rights in the Patent Assets and wishes to confirm such assignments, and whereas

**Citadel Casing Ltd
PO Box 957, Offshore Incorporations Centre
Road Town, Tortola 1110
British Virgin Islands**

("Assignee") desires to recognize and accept all the rights in same;

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable considerations paid by the said Assignee, the receipt and sufficiency of which are hereby acknowledged, Assignor confirms all previous assignment of rights in the Patent Assets and by these presents does hereby sell, assign, transfer and convey unto said Assignee any additional unassigned rights to the Patent Assets, including the full, exclusive and entire right, title, and interest in and to the Patent Assets, including in and to any conventional, division, continuation, continuation-in-part, substitution, reissue, renewal, reexam, continued prosecution application ("CPA"), or request for continued examination ("RCE") thereof, and in and to all inventions and improvements thereon (herein collectively referred to as "Related US Applications"), preparatory to obtaining Letters Patent of the United States therefor; and Assignor hereby requests the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from said Patent Assets and Related US Applications, to Assignee, for its interest and for the sole use and benefit of Assignee and its assigns and legal representatives.

For the same consideration, Assignor, confirms all previous assignment of rights in the Patent Assets and by these presents does sell, assign, and transfer to Assignee any additional unassigned rights to the Patent Assets, including the full, exclusive, and entire right, title and interest in and to any foreign and international applications related to and/or seeking benefit of said Patent Assets and Related US Applications and in and to all inventions and improvements thereon (herein collectively referred to as "Related Foreign Applications"), in and to any Letters Patent and similar protective rights granted on said Related Foreign Applications, and in and to the right to claim any applicable priority rights arising from or required for said Related Foreign Applications under the terms of any applicable conventions, treaties, statutes, or regulations, said Related Foreign Applications to be filed and issued in the name of Assignee or its designee, insofar as permitted by applicable law.

For the same consideration, Assignor agrees, without charge to Assignee, but at Assignee's expense, to sign all lawful papers, execute said Patent Assets, Related US Applications

and Related Foreign Applications, make all assignments and rightful oaths, assist in prosecution of said Patent Assets, Related US Applications and Related Foreign Applications, assist in prosecution of legal proceedings, and generally do everything reasonably possible to aid Assignee its successors, assigns, and nominees, to obtain and enforce proper protection for all said inventions and improvements in all countries throughout the world.

AND, for the same consideration, Assignor also hereby sells, assign and transfer unto Assignee all rights and claims to sue for damages and other remedies with respect to any and all past infringement of all said Patent Assets, Related US Applications, and Related Foreign Applications, including said inventions and improvements which may have occurred before the date of this Assignment.

IN WITNESS WHEREOF, We have hereunto set hand and seal this 19 day of November, 2020.
