This CONFIRMATORY PATENT ASSIGNMENT (this "Assignment") is made effective as of 31 July 2020 (the "Effective Date") by and between FIPAAG GmbH, a limited liability company organized under the laws of Germany ("Assignor") and IPCom GmbH & Co. 2. For every assigned patent, Assignor also conveys, assigns, and transfers to Assignee all causes and rights of action, all remedies, and all defenses relating thereto. This includes, without limitation, the right to sue for past, present, and future infringement, seek injunctive relief, and to collect past damages and ongoing royalties. It further includes the right to any income, royalties and other payments now and hereafter due and/or payable to Assignor in respect to the foregoing.

3. Assignor hereby authorizes and requests the competent authorities including without limitation an official of the United States Patent and Trademark Office, an official of any non-U.S. governmental patent office and an official of any intergovernmental organization, whose duty is to issue patent registrations or other evidence or forms of intellectual property and/or industrial property protection on applications as aforesaid, to issue the same to the Assignee, its successors and assigns, in accordance with the terms of this Assignment.
