Assignment of Patent Rights by John W. Piasecki

Whereas, John W. Piasecki of Bryn Mawr, PA intends to assign all of his right, title and interest in the inventions known as "Control System for an Air Vehicle and Method" and any U.S., international, and foreign patent rights in the above inventions to Piasecki Aircraft Corporation, of Essington, PA.

Now, therefore, for good and valuable consideration, the receipt of which is acknowledged and intending to be legally bound, John W. Piasecki does sell, assign and transfer to Piasecki Aircraft Corporation, the full and exclusive right to the inventions known as "Control System for an Air Vehicle and Method," including the inventions as described in U.S. Provisional Patent Application no. 62/397,254, in the United States and foreign countries and the entire right, title and interest in and to any and all patents that may be granted for the Apparatus, Method and System for Manufactured Structures in the United States and foreign countries, including all patents issued on the above invention and upon any utility patent applications, divisional and continuation applications. I hereby request that the Director of the U.S. Patent and Trademark Office and that any foreign patent office issue said patent(s) to the Assignee, as fully and entirely as the same would have been issued to me had this assignment not been made. This assignment will be interpreted according to the laws of the Commonwealth of Pennsylvania.

Executed this 18 day of September 2017.

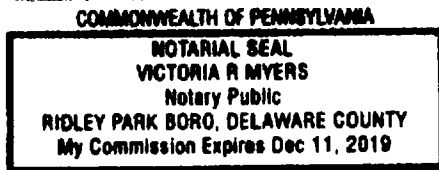

John W. Piasecki

Commonwealth of Pennsylvania

County of Delaware

On this, the 18th day of September, 2017, before me, a notary public, John W. Piasecki personally appeared, known to me (or satisfactorily proven) to be the person whose name is subscribed to the within instrument, and acknowledged that he executed the same for the purposes therein contained.

In witness hereof, I hereto set my hand and official seal.

Victoria R Myers
Notary Public
