ASSIGNMENT

WHEREAS, we, Miklos Kertesz, of Bethesda, MD, and Girishma Grover, of Washington D.C., along with others, have invented a certain invention(s), as described at least in part in U.S. Patent Application No. 17/033,458, filed on September 25, 2020, entitled "POLYMER EMBODIMENTS COMPRISING NANOHOOP-CONTAINING POLYMER BACKBONES AND METHODS OF MAKING AND USING THE SAME," which application and invention(s) are collectively referred to herein as "the Invention."

WHEREAS, Georgetown University, a nonprofit institution of higher education organized as a non-stock corporation under federal charter ("Georgetown") and whose principal place of business is situated at 37th and O Streets, N.W., Washington, D.C., 20057, U.S.A., desires to acquire an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, we, Miklos Kertesz and Girishma Grover hereby sell, assign, and transfer to Georgetown University, any and all right, title, and interest we may have in and to the Invention, and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; the Invention and letters patent in this or any foreign country, and all corresponding non-provisional applications, divisions, continuations, continuations-in-part, reissues, and extensions thereof, to be held and enjoyed by Georgetown University, for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted by the United States or any foreign country, as fully and entirely as the same would have been held by us had this assignment and sale not been made, and covenant that we have full right so to do, and agree that we will communicate to Georgetown University, or its successors and assigns, any facts known to us respecting the Invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, and reissue applications, make all rightful oaths, and do everything possible to aid Georgetown University, its successors, and assigns to obtain and enforce proper patent protection for the Invention in the United States or any foreign country.

We confirm that, at the time the invention was made, we were under an obligation to assign the Invention to Georgetown University.

We hereby grant the law firm of Klarquist Sparkman, LLP, the power to insert on this Assignment
