1. **Call to Order.**

A meeting of the Board of Directors (the "Board") of MicroPower Technologies, Inc., a Delaware corporation (the "Company"), was held at the above time and date. After confirming that everyone participating could hear and be heard, Mr. Hell stated that a quorum of Board members was present and stated that the meeting had been duly noticed and convened, and called the meeting to order. Mr. Przesmicki acted as Secretary of the meeting.

2. Potential Commercial Transaction.

The Board discussed the status of recent interactions with a potential commercial partner regarding a possible transaction with the Company, which had been expected to involve the advanced purchase of a number of Company products. Mr. Tankersley indicated that, as previously communicated to the Board, the commercial partner recently indicated that it was electing to not pursue a pre-purchase Company products. Mr. Tankersley also noted that none of the other discussions held to date, regarding a potential investment in or acquisition of the Company, had resulted in any indications of interests, term sheets or offers. Questions were raised and discussion ensued.

3. Business Update.

The Board then discussed the status of the Company's current operations, including the Company's current assets and projected liabilities, and projected shut down costs and process requirements in various scenarios. Among other things, the Board discussed a general assignment of all of the Company's assets, to be held in trust for the benefit of the Company's creditors. Mr. Tankersley noted that he had contacted multiple assignees, and received indicative pricing along with a description of the services provided by each firm. He recommended the use of Credit Management Association, which he felt provided an adequate, comprehensive service, and from which he had received the lowest pricing indication. Questions were raised and discussion ensued. Following discussion, the Board agreed that the best way to secure an orderly shutdown of the Company for the benefit of creditors was to use a "shut down firm", and the Board adopted management's recommendation. Upon motion duly made, seconded and approved, the Board unanimously adopted the following resolutions:

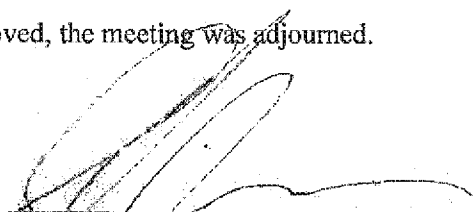

RESOLVED, that any one of the officers of the Company be, and is, hereby authorized and directed by the Board to make an assignment of all assets of the Company to Credit Management Association, a California corporation, of Glendale, California ("Assignee"), for the pro rata benefit of all creditors of the Company, and that any two officers are hereby authorized and directed to execute said assignment, containing such provisions as may be agreed upon between them and Assignee, and are hereby also authorized and directed to execute and deliver to

Assignee such other deeds, assignments, and agreements as may be necessary to carry this resolution into effect; and

RESOLVED FURTHER, that the Assignee be, and it hereby is, authorized to execute and file and prosecute on behalf of the Company all claims for refund or abatement of all excess taxes heretofore or hereafter assessed against or collected from the Company and any one officer of the Company be, and is, hereby authorized and directed to make, execute and deliver in favor of such person as may be designated by the Assignee a power of attorney on the regular printed form thereof used by the United States Treasury Department so as to authorize said attorney-in-fact to process any tax claims for it on behalf of the Company.

4. **Adjournment.**

There being no further business to come before the meeting, and upon motion duly made, seconded, and unanimously approved, the meeting was adjourned.

Steven M. Przesmicki
Secretary of the Meeting
