ASSIGNMENT

I, Richard J. Linder of 7810 Chatsworth Ct., Sandy, Utah 84093, have made an invention entitled **CATHETER FOR IMAGING AND MEASUREMENT OF PRESSURE AND OTHER PHYSIOLOGICAL PARAMETERS**, hereinafter called the "invention".

Preferred embodiments of said invention are disclosed in a United States patent application filed in the United States Patent and Trademark Office as Serial No. 17/205,854 on March 18, 2021. (We hereby authorize the attorneys of Workman Nydegger to insert the serial number and filing date when known.)

The Assignee, XENTER, Inc., a Delaware corporation, having a principal place of business at 2463 South 3850 West, Salt Lake City, Utah 84120, desires to secure the entire right, title and interest in and to said invention.

In consideration of One Dollar (\$1.00) and other good and valuable consideration paid to me by the Assignee, the receipt and sufficiency of which I hereby acknowledge, I HEREBY ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in and to said invention and in the above-identified United States patent application and in all applications claiming the benefit thereof or priority thereto and in all divisions, continuations and continuations-in-part of said application, or reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications which may be filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

All claims for damages and all of the remedies arising out of any infringement of the invention or the above-identified United States patent application which may have accrued prior to the date of this assignment or may accrue, including, but not limited to, the right to sue for and collect and retain damages for past infringements of the invention or the above-identified United States patent applications.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to

issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and behoof of the said Assignee, its successors, assigns and legal representatives.

I hereby agree, without further consideration and without expense to me, to sign all lawful papers and to perform all other lawful acts which the Assignee may request of me to make this Assignment fully effective, including, by way of example but not of limitation, the following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of my ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon my heirs and legal representatives.

Dated this 17 day of March 2021.

Richard J. LINDER
