ASSIGNMENT

WHEREAS, we, Daniel R. Falatok, a citizen of the United States, residing at 331 E. Killarney Lake, Moore, SC 29369; Mark D. Thompson, a citizen of the United States, residing at 510 Arrowwood Branch Road, Chesnee, SC 29323; Hugo Whetsell Hayden, a citizen of the United States, residing at 530 Farmer Road, Campobello, SC 29322; and Robert Wyatt, a citizen of the United States, residing at 400 Mason Road, Inman, SC 29349, are the inventors of one or more inventions (hereinafter referred to as "said invention(s)") described in a provisional patent application with serial number 62/559,960, filed on September 18, 2017, and entitled "STUMP CUTTER AND WOOD CHIPPER WITH NOVEL BRAKING MECHANISM," (hereinafter referred to as "said application").

WHEREAS, D.A.F., Inc. (hereinafter together with its successors and assigns referred to as "the Assignee"), a South Carolina company, having a place of business at 121 John Dodd Road, Spartanburg, SC 29303, is desirous of obtaining all of our intellectual property rights relating to said invention(s) and said application; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, we have sold, assigned, transferred and set over, and by these presents hereby sell, assign, transfer and set over to the Assignee any and all of our individual and/or joint right, title and interest in, to and under said invention(s) and said application, including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on said invention(s), and any and all other application for Letters Patent on said invention(s), in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention application based in whole or in part upon said invention(s) or upon said application, and any and all Letters Patent which may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for said invention(s) or upon said application, to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said invention(s), said application and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by us had this Assignment not been made. We hereby authorize the Assignee to file patent applications in any and all countries on any or all of said invention(s) in our name, or in its name, or otherwise as the Assignee may deem advisable, under the International Convention or the applicable laws of a particular jurisdiction.

We hereby authorize the responsible official of the United States Patent and Trademark Office, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said invention(s) to the Assignee as owner of all right, title and interest therein, or otherwise as the Assignee may direct, in accordance with the terms of this Assignment.

We hereby represent and warrant that we have the full right to convey the entire right and interest herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that we will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

We hereby covenant and agree that we will, upon request of the Assignee, communicate to the Assignee any facts known to us relating to said invention(s) and the history thereof, testify in any legal proceeding, execute all lawful papers, including without limitation all divisional, continuing and reissue application and all rightful oaths and declarations, and generally do all further acts which may be deemed necessary by the Assignee to obtain and enforce proper patent protection for said invention(s) in all countries.
