PATENT ASSIGNMENT AGREEMENT

WHEREAS SoftNAS, LLC is assignee of the patents and patent applications listed in Appendix A hereto and was, prior to October 30, 2015, the owners of all right, title and interest to such patents and patent applications together with the rights to any subsequent provisional applications, converted provisional applications, continuation applications, extensions, continuation-in-part applications, divisional applications, re-issues, reexaminations, foreign counterparts, foreign applications or foreign patents as well as any patents resulting from any post-grant, inter partes review or similar opposition proceeding or any other patent or patent application worldwide arising out of or claiming priority to any of the patents or applications, hereinafter collectively the "Assigned Patents";

WHEREAS SoftNAS, LLC understood and intended that as of October 30, 2015, SoftNAS Operating Inc., a Delaware corporation, was the owner of all right, title and interest in Assigned Patents;

WHEREAS SoftNAS, LLC now desires to confirm the assignments and remove any question regarding the ownership of all right, title and interest in the Assigned Patents and all causes of action relating to the Assigned Patents by way of this this *nunc pro tunc* Patent Assignment;

NOW, THEREFORE, for good and valuable consideration the receipt and sufficiency of which are hereby acknowledged:

SoftNAS, LLC to the extent not previously assigned to SoftNAS Operating Inc., hereby assigns to SoftNAS Operating Inc., to be effective *nunc pro tunc* as of October 30, 2015, all right, title and interest in and to the Assigned Patents. This assignment of rights *nunc pro tunc* specifically includes all statutory and common law rights to any and all income, royalties, damages and payments then or thereafter due or payable with respect thereto, and to any and all causes of action (either in law or in equity) and the right to sue, counterclaims and recover for past, present and future infringement of the rights assigned or to be assigned.

//

//

Executed *nunc pro tunc* as of October 30, 2015, on this 8th day of June, 2017.
