## ASSIGNMENT AND AGREEMENT IN AN APPLICATION FOR LETTERS PATENT OF THE UNITED STATES OF AMERICA

I hereby declare that I am the sole inventor (if only one inventor is named below) or an original, first and joint inventor (if plural inventors are named below) of the invention relating to  
"TRANSMISSIVE OPTICAL DELAY SYSTEM AND METHOD"  
described in an application for Letters Patent of the United States of America filed on March 26, 2021,  
Serial No. 17/214,091, or, if not identified here by filing date and serial number, executed by me on  
even date with my execution of this Assignment. The undersigned hereby authorizes assignee or assignee's  
representative to insert the Application Number and the filing date of this application if they are unknown at  
the time of execution of this assignment.

For valuable consideration received, I hereby sell, assign and transfer to Battelle Memorial Institute,  
a nonprofit corporation duly organized and existing under the laws of the State of Ohio, United States of  
America, its successors and assigns, my entire right, title and interest, for all countries in and to said  
inventions and all the rights and privileges under any and all Letters Patent that may be granted therefore,  
and any divisions, continuations, reissues and extensions thereof.

I agree that, when requested, I will, without charge to said nonprofit corporation but at its expense,  
sign all papers, take all rightful oaths, make all rightful declarations and do all acts which may be necessary,  
desirable or convenient for securing and maintaining patents or other forms of protection for said inventions  
in any and all countries and for vesting title thereto in said limited partnership, its successors, assigns or  
nominees.

I agree that I will communicate to said nonprofit corporation or its representatives any facts known to  
me respecting said inventions and when requested by said nonprofit corporation and at its expense will testify  
in any legal proceedings, and generally do everything possible to aid said limited partnership, its successors,  
assigns and legal representatives or nominees, to obtain or enforce proper protection for said inventions in  
any and all countries.

I authorize and empower said nonprofit corporation, its successors, assigns or nominees, to make  
application for patent or other form of protection for said inventions in its or their own name, or in my/our  
name, in any and all countries to invoke and claim for any application for patent or other form of protection for  
said inventions filed by it or them, the benefit of the right of priority provided by the International Convention  
for the Protection of Industrial Property, as amended, or by any convention which may henceforth be  
substituted for it, and to invoke and claim such right of priority without further written or oral authorization from  
me.

I hereby consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of  
any assignment, consent to file or like document which may be required in any country for any purpose and  
more particularly in proof of the right of the said nonprofit corporation or its successors, assigns or nominees  
to apply for patent or other proper protection for said inventions, and to claim the aforesaid benefits of the  
right of priority provided by the International Convention for the Protection of Industrial Property, as amended,  
or by any convention which may henceforth be substituted for it.

I covenant with Battelle Memorial Institute, its successors, assigns, legal representatives, and  
nominees, that to the best of my knowledge the right, title and interest herein conveyed by me are free and  
clear of any encumbrance, and that I have the full right to convey the same as herein expressed.

This Agreement and Assignment supersedes all other assignments, agreements and addendums  
related to the above-identified application.
