Attorney Docket No.: 74388-0001-01

Inventor: David M. WESTON

Application Title: IRISING DRAINAGE DEVICE AND IRISING RECTAL CATHETER

ASSIGNMENT OF APPLICATION

This ASSIGNMENT AGREEMENT ("**Assignment**") is made by and between David M. WESTON (the "**Inventor**") and LUMOPOL, LLC, whose mailing address is c/o Corporation Service Company, 2595 Interstate Drive, Suite 103, Harrisburg, PA 17110 United States (the "**Assignee**") regarding a patent application titled IRISING DRAINAGE DEVICE AND IRISING RECTAL CATHETER.

WHEREAS, the Inventor has invented one or more inventions disclosed and/or claimed in the Application (the "**Inventions**") filed in the United States Patent and Trademark Office ("USPTO") on March 31, 2021 and given Application No. 17/218,370;

WHEREAS, Assignee, together with its successors and assigns, and further in accordance with such agreement(s) as may have been previously entered into with the Inventor, desires to acquire, and/or evidence the acquisition of, the entire right, title and interest in and to the Inventions and to the Applications (as defined herein).

NOW, THEREFORE, the parties agree as follows:

For good and valuable consideration from the Assignee to the Inventor the receipt of which is hereby acknowledged, and in accordance with such agreements as may exist between them, the Inventor has conveyed, assigned, transferred, and set over, and hereby do convey, assign, transfer and set over unto the Assignee, the entire and exclusive right, title and interest in and to the Inventions and all patents that may be granted therefor in the United States and in all other countries, territories, and jurisdictions in the world (collectively, the "Countries"), and to all existing or future related applications, divisions, substitutes, renewals, reissues, continuing applications, conversions, re-examinations, extensions, and any resulting patents thereof in all Countries (collectively, the "Applications") for the full terms for which the same may be granted and any rights associated therewith, including, but not limited to, any and all royalties, profits, damages, fees, income, payments, and other proceeds now or hereafter due or payable, and to the right to claim benefit and priority from the Applications in all of the Countries thereon.

The Inventor hereby authorizes and requests the Commissioner for Patents of the United States and any official of any foreign country whose duty it is to issue patents on the

Applications as described above, to issue all Letters Patent for this Invention to Assignee in accordance with the terms of this assignment;

The Inventor hereby covenants that he has the full right to convey all rights and interests assigned by this Assignment, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that he has not and will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

The Inventor hereby further covenants and agrees that he will, without further consideration, communicate with Assignee any facts known to us respecting this invention, and testify in any legal proceeding, sign all lawful papers that may be necessary or desirable to perfect the title to this invention in said assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid assignee, its successors and assigns, to obtain and enforce Letters Patent for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the assignee, its successors and assigns.

This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is binding on the Inventor and his respective heirs, legal representatives, and assigns.

The Inventor hereby grants Assignee or its legal representative the power to insert on this Assignment any further identification information, including an application number and filing date, which may be necessary or desirable.
