CONFIRMATORY ASSIGNMENT OF PATENTS

This Confirmatory Assignment is made by and between East West Bank, a California corporation ("Assignor") and Insulet Corporation, a Delaware corporation ("Assignee").

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, East West Bank, a California corporation located at 135 N. Los Robles Ave., 6th Fl. Pasadena, California 91101 ("Seller"), hereby sells, assigns, transfers, and conveys to Insulet Corporation, a Delaware corporation, located at 100 Nagog Park, Acton, MA 01720 ("Buyer"), pursuant to the Patent Acquisition Agreement dated as of January 27, 2021, by and between Seller and Buyer, all of Seller's right, title, and interest in and to (i) the patents and patent applications set forth on Schedule A, attached hereto and incorporated by this reference herein, (ii) any continuation, continuation-in-part and divisional patent applications, substitutions, reissues, reexaminations, extensions, or restorations of any of the foregoing, (iii) any foreign counterparts of any of the foregoing, and (iv) any patents issuing from any of the items referenced in the foregoing clauses (i) - (iii), together with claims and causes of action with respect to the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal or equitable relief for past, present, or future infringement, misappropriation, or other violation thereof, and all other rights, privileges, and protections of any kind whatsoever of Seller accruing under any of the foregoing provided by any applicable law, treaty, or other international convention.

Seller hereby authorizes the Commissioner for Patents in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment of Patents upon request by Buyer.

Whereas Assignor and Assignee wish to confirm that the assets set forth on Schedule A below have been effectively assigned to Assignee prior to the closing of a transaction contemplated by the Patent Acquisition Agreement.

Now, therefore, for valuable consideration furnished by Assignee to Assignor, receipt and sufficiency of which is hereby acknowledged, Assignor hereby, without reservation:

1. Confirms, in addition to the above terms, that it has assigned, transferred, and conveyed to Assignee and, to the extent applicable, does hereby assign, transfer and convey to Assignee the entire right, title and interest in and to said inventions and discoveries, said Letters Patent of the United States of America, any and all other applications for Letters Patent on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, International Convention and foreign applications based in whole or in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent, reissues, reexaminations, and extensions of Letters Patent granted for said inventions and discoveries or based upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications and said Letters Patent, including, without limitation, the right to- sue- and recover for past infringement; and

2. Authorizes Assignee to file patent applications in any or all countries on any or all of said inventions and discoveries in the Assignor's name or in the name of Assignee or otherwise as Assignee may deem advisable, under the International Convention or otherwise.

IN WITNESS WHEREOF, Assignor and Assignee has caused this Confirmatory Assignment of Patents to be executed by their duly authorized officers as of the date written below.
