Annex A

DEED OF DECLARATION AND ASSIGNMENT (PATENTS)

Date:

I, IVAN DAMJANOVIĆ of 65 HAYDON PARK ROAD, LONDON, SW19 8JH (the "Inventor") hereby confirm that I am a true inventor of the invention titled "Apparatuses, methods, computer programs and computer-readable media" which was first filed as patent application in United Kingdom under application number 1612583.3, and known by the code name VNO16-05 (the "Invention").

I confirm that I am, or was, at the time of making the invention, employed in the UK by V-Nova Limited (the "Company").

I, the Inventor, hereby acknowledge and declare that the invention was made by me in the course of my normal duties, or those specifically assigned to me, under such circumstances that an invention might reasonably be expected to have resulted from the carrying out of those duties, and/or that otherwise, by the nature of my duties, and the particular responsibilities arising from the nature of those duties, I had a special obligation to further the interests of the Company's undertaking at the time of making the invention. I hereby acknowledge that the invention therefore belongs to the Company, as prescribed by section 39 of the Patents Act 1977 (The Act) and that such ownership of the invention is governed by The Act under English Law.

I hereby agree, at any time in the future, at the expense of the Company, to promptly execute and do all such instruments or things as may be required by the Company to enable the Company to enjoy the full benefit of the rights confirmed and assigned by this agreement, including applying for and obtaining a patent or patents or other similar forms of protection in respect of the Invention in the U.K. and in all other countries of the world and vesting my rights in the same in the Company when obtained.

I further confirm that I will not publish or disclose any particulars of the Invention or any related patent application to any person without the prior written consent of the Company.

I hereby irrevocably appoint the Company as my Attorney in my name and on my behalf to execute and do any instrument or thing as may be required by the Company to enable the Company to enjoy the full benefit of the rights confirmed and assigned by this agreement and in favour of any third party a certificate in writing signed by any Director or the Secretary of the Company that any instrument or act falls within such authority shall be conclusive evidence that such is the case.

To the extent that any rights in the invention do not belong to the Company under the contract of employment with the Company and/or under section 39 of the Patents Act 1977, I, the Inventor, do, for the sum of £1 (one pound sterling) and other good and valuable consideration (receipt of which is hereby acknowledged) and at the request of and by the direction of the Company **HEREBY ASSIGN** and with full title guarantee to the Company all my interest in and to the invention and any related patent application and all patents granted thereon **TOGETHER WITH** my right to apply for and obtain patents or other similar forms

of protection in respect of the invention in the UK and in all other countries of the world TOGETHER WITH the right to make any new application or applications in respect of any part or parts of the subject matter of any application or specification filed in connection with the invention in the UK and the right to claim priority under section 5 of the Patents Act 1977 from the Application, and the right to claim priority of the Application under the Paris Convention (as amended) when making applications in countries or territories outside the UK TOGETHER WITH the right to bring proceedings under section 61 or 69 of the Patents Act 1977 or in any other part of the world for any previous infringement TO HOLD the same unto the Company and its successors and assigns absolutely.

I hereby confirm that any wilful false statement made in this declaration will be dealt with in accordance with the Company's Disciplinary Procedure and/or contract of employment, and may be treated as gross misconduct leading to summary dismissal.
