ASSIGNMENT

THIS ASSIGNMENT, is made by:

Scott Thomason, residing at 850 Old Mill Road, Aurora, Ohio 44202;

Foster Cooper, residing at 4694 Fountains Dr. South, Lake Worth, FL, 33467; and

Debra Isaacson, residing at 49 Leigh Gardens, London, Great Britain, NW10 5HN

(the "Assignors");

WHEREAS, the Assignors have invented certain new and useful improvements as described and/or claimed in the issued patents and patent applications set forth in Schedule A, attached hereto (the "Patents");

WHEREAS, as used here, the "Invention" means: (a) the Patents; (b) any and all inventions which are disclosed and claimed in the Patents; (c) any and all inventions which are disclosed but not claimed in the Patents; (d) any all improvements, developments, and modifications to the invention deriving from the Patents; (e) any and all continuations, continuations-in-part, requests for continued examination, and all other applications which claim priority to the Patents, including but not limited to any and all applications filed pursuant to 37 C.F.R. 1.53; and (f) any and all provisional applications, continuations, requests for continued examination, and all other applications, including but not limited to those applications filed under 37 C.F.R. 1.53, to which the Patents claims priority;

WHEREAS, REVAIR, LLC, with a principal place of business at 1333 Highland Road E, Suite E, Macedonia, OH 44056, together with any successors, legal representatives or assigns thereof (hereinafter referred to as "ASSIGNEE") is desirous of acquiring ASSIGNORS' entire rights, titles and interests in and to said Invention;

WHEREAS, the Assignors hereby represent and warrant to the Assignee, its successors, legal representatives, and assigns, that, at the time of execution of this Assignment, except for any rights, titles and/or interests that have arisen to the Assignee under law or that have already been transferred to the Assignee, the Assignors are the sole and lawful owners of the entire right, title and interest in the Invention and the Patents, and that the same are unencumbered and that the Assignors have good and full right and lawful authority to convey the same as expressed in this Assignment;

WHEREAS, the Assignors acknowledge an obligation to assign the Invention to the Assignee at the time that the Invention was made;

NOW, for good and valuable consideration received from the Assignee, receipt and sufficiency of which is hereby acknowledged, the Assignor assigns and transfers to the Assignee, the Assignor' entire right, title and interest in the Invention, and all United States and foreign patents which may be granted on the Invention, and all reissues, reexaminations and extensions on the Invention, and all priority rights under all available International Agreements, Treaties and Conventions in every participating country, and all applications for patents (including related rights such as utility-model registrations, inventor's certificates, and the like) filed for the Invention in any foreign countries, and all patents granted for the Invention in any foreign

countries, and all reissues, reexaminations and extensions on the Invention in any foreign country; the Assignors assign and transfer to the Assignee the right to file applications on the Invention in the United States and all foreign countries, and the Assignor authorizes and requests the United States Commissioner of Patents and Trademarks, and any officials of foreign countries whose duty it is to issue patents, to issue all patents for the Invention to the Assignee in accordance with the terms of this Assignment;

AND, for the same consideration, the Assignors covenant that when requested, without charge to, but at the expense of, the Assignee, to carry out in good faith the intent and purpose of this Assignment; the Assignors will disclose all facts known to the Assignors relating to the Invention and its history; the Assignors will testify in all legal proceedings, and do everything possible which the Assignee may consider desirable for aiding in securing, maintaining and enforcing proper patent and intellectual property protection for the Invention, including but not limited to executing all rightful oaths, assignments, powers of attorney and other papers, as necessary, and the Assignors irrevocably appoint the Assignee as the Assignors' attorney in fact with power to execute on the Assignors' behalf any and all documents necessary to carry out the terms of this Assignment. The Assignors covenant with the Assignee that the Assignors have made no other assignment, grant, mortgage, license or other agreement affecting the rights and property conveyed here, and that the Assignors have full right to convey their entire right, title and interest as expressed in this Assignment;

AND, the Assignors grant the following individuals the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document:

BENESCH, FRIEDLANDER, COPLAN & ARONOFF LLP
