ASSIGNMENT

THIS ASSIGNMENT, made by us, **Joshua D. Deetz**, a citizen of the United States of America, residing at 8590 Strawberry Lane, Gilroy, California 95020; **Catherine E. Wood**, a citizen of the United States of America, residing at 160 F. Street, Redwood City, California 94063; and **Ronald A. Truong**, a citizen of the United States of America, residing at 423 Oxford Way, Belmont, California 94403;

WITNESSETH: That,

WHEREAS, we are joint inventors of certain new and useful improvements in RESIN VISCOSITY DETECTION IN ADDITIVE MANUFACTURING, for which U.S. Provisional Application No. 62/839,187 was filed on April 26, 2019; and U.S. Application No. 16/845,416 was filed on April 10, 2020, in the United States Patent and Trademark Office; and

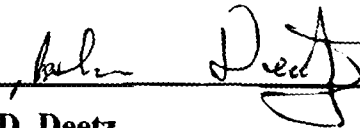

WHEREAS, **Carbon, Inc.**, a Delaware corporation having a principal office at 1089 Mills Way, Redwood City, California 94063, hereinafter referred to as assignee, is desirous of acquiring the entire right, title and interest in and to said invention as described in said provisional application, and in and to any and all Letters Patent which shall be granted therefor in the United States of America and all foreign countries;

NOW, THEREFORE, To Whom It May Concern, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we have sold and by these presents do hereby sell, assign, transfer, and convey unto the said assignee, its successors and assigns, the entire right, title, and interest in and to the said invention and provisional application, and in and to any and all subsequent patent applications which claim the benefit of priority from said provisional application including regular utility, continuations, and continuations-in-part, or divisions thereof, and in and to any and all Letters Patent of the United States of America and all foreign countries or reissues or other forms of protection thereof which may be granted for the invention in or on applications claiming the benefit of priority from said provisional application, for the full end of the term for which said Letters Patent may be granted along with any term extensions thereof or therefor, together with the right to claim the benefit of priority from said application in all foreign countries in accordance with the International Convention, the same to be held and enjoyed by said assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by us if this assignment and sale had not been made.

We further covenant and agree that, at the time of the execution and delivery of these presents, and to the extent such rights have not already been conveyed to the assignee, that we have the unencumbered right and authority to make this assignment.

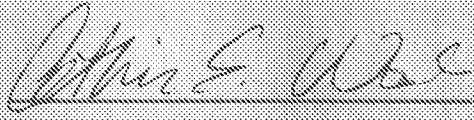

We further covenant and agree to promptly communicate to said assignee or its representatives any facts known to us relating to said invention, to testify in any interference or legal proceedings involving said invention, to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors, or assigns to secure patent or similar protection for the said invention in all countries and to vest in the assignee complete title to the said invention and Letters Patent, without further compensation, but at the expense of said assignee, its successors, assigns, and other legal representatives; and we hereby instruct, and further covenant and agree to bind our heirs, legal representatives, and assigns, to do same, without further compensation, but at the expense of said assignee or its representatives.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 26th day of March, 2021.

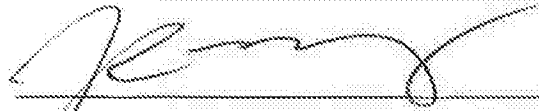

Joshua D. Deetz (SEAL)

IN WITNESS WHEREOF, I have hereunto set my hand and seal on this 25 day of March, 2021.
