**Assignment of Rights, Title and Interest in Invention
(Single Assignor; Single Assignee)**

Docket No.
99390 Utility

Whereas, the above-identified Assignor has ownership rights in and to the invention identified above and described in the above-identified patent application(s) and/or patent(s) (hereinafter referred to as the "Invention");

And, whereas the above-identified Assignor desires to assign its entire right, title and interest in and to the Invention to the above-identified Assignee, and said Assignee is desirous of acquiring the entire, right, title and interest in the same;

Now, for good and valuable consideration, the receipt whereof is hereby acknowledged;

Assignor hereby assigns, sells and transfers its entire right, title and interest in and to said Invention, said application(s) as identified above, including all foreign applications claiming benefit thereto and any divisions, continuations, and continuations-in-part thereof filed anywhere in the world, and in and to any and all Letters Patent of the United States, and countries foreign thereto, which may be granted or have granted for said Invention, and in and to any and all reissues and reexaminations thereof, and in and to any and all priority rights, Convention rights, and other benefits accruing or to accrue to it with respect to the filing of applications for patents or securing of patents in the United States and countries foreign thereto, unto said Assignee, including all causes of action for past infringements, the same to be held and enjoyed by said Assignee for its own use and behoof, and for its legal representatives and assigns, to the full end of the term for which said Patent may be granted, as fully and entirely as the same would have been held by Assignor had this assignment not been made;

And Assignor hereby authorizes and requests the United States Patent and Trademark Office and all foreign patent offices to issue any United States Letters Patent or foreign patent which may issue for said Invention solely to and in the name of said Assignee, as assignee of the whole right, title and interest thereto.

And Assignor further hereby agrees to promptly sign and execute with no further compensation all necessary and lawful future documents, including applications for US and foreign patents, for filing divisions, continuations and continuations-in-part of said application for patent, and/or, for obtaining any reissue or reissues of any Letters Patent which may be granted for my aforesaid Invention, as the Assignee or its Designee(s) may from time to time require and prepare at its own expense including all documents necessary to evidence Assignee as sole owner of the entire right, title and interest in and to the Invention.
