Assignment to GPB Scientific, LLC

Inventor(s): WARD, *et al.*
Appl. No.: 16/108,365
Filed: August 22, 2018
For: **Methods for Preparing Therapeutically Active
Cells Using Microfluidics**

As a below-named inventor, I hereby declare that:

I am named as an inventor of the inventions or discoveries (herein INVENTIONS) as described in the US patent application, US provisional application or international application (herein APPLICATION) identified above. In view of valuable consideration, receipt of which is hereby acknowledged, I do hereby assign and transfer to GPB Scientific, LLC (hereinafter "GPB") a limited liability corporation of the State of Delaware, having a principal place of business at 800 East Leigh Street, Suite 51, Richmond, Virginia 23219, its successors and assigns, my entire interest in and the full and exclusive right to the INVENTIONS, the APPLICATION and all related applications (including all divisions, reissues, continuations, and extensions thereof) and all counterparts in other countries (including all national stage applications), and any and all Letters Patent (and certificates of invention or similar certificates) (herein PATENTS) which may be granted based on the INVENTIONS or the APPLICATION or related applications or counterparts in other countries; said transfer and assignment being applicable throughout the world and including the right to claim priority to and from the APPLICATION and any and all related applications. I hereby authorize and request officials of patent offices in any and all countries of the world to issue any and all of the PATENTS, when granted, to GPB, its successors and assigns, as the assignee of my entire right, title, and interest in and to the same. I agree that I will communicate to GPB, or its representatives, any facts known to me respecting the invention; testify in any legal proceedings; sign all lawful papers; execute all divisional, continuation, substitution, renewal, and reissue applications; execute all necessary assignment papers to cause any and all of the PATENTS to be issued to GPB; make all rightful oaths; and generally do everything possible to aid GPB, its successors and assigns, to obtain and enforce proper protection for the INVENTIONS in any and all countries throughout the world.

I hereby grant the Law Office of Michael A. Sanzo, LLC, a law firm of the state of Maryland, the power to insert on this assignment any further identification information, including application number and filing date, that may be necessary to comply with the rules of the US Patent and Trademark Office for recordation of this document.
