ASSIGNMENT

WHEREAS I, the below named inventor, [hereinafter referred to as Assignor], have made an invention entitled:

SYSTEMS AND METHODS FOR PISTON CHECK VALVES

for which I executed an application for United States Letters Patent filed in the U.S. Patent and Trademark Office; and

WHEREAS, SCV Valve, LLC, a corporation of Texas whose post office address is 3521 FM 646 Rd. North, Santa Fe, TX 77510, (hereinafter referred to as Assignee), is desirous of securing the entire right, title, and interest in and to this invention in all countries throughout the world, and in and to the application for United States Letters Patent on this invention and the Letters Patent to be issued upon this application or any application claiming priority to this application;

WHEREAS, I executed a prior Assignment recorded in the U.S. Patent and Trademark Office at Reel 050865, Frame 0378, on October 25, 2019, assigning my entire right, title, and interest in and to the invention disclosed in U.S. Provisional Patent Application No. 62/925,654, filed on October 24, 2019, and all non-provisional applications, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of the provisional application, as well as all rights to claim priority on the basis of the provisional application in any foreign country, and all applications for Letters Patent which may be filed for the invention in the provisional application in any foreign country and all Letters Patent which may be granted on the invention in the provisional application in any foreign country, and all extensions, renewals, and reissues thereof;

WHEREAS, to the extent, if any, that the prior Assignment may not convey all rights in and to the invention and this application, I am executing this Assignment to ensure the entire right, title, and interest of the inventor, in and to the invention and this application are conveyed to Assignee, SCV Valve, LLC;

NOW THEREFORE, be it known that, for good and valuable consideration the receipt of which from Assignee is hereby acknowledged, I, as Assignor, have sold, assigned, transferred, and set over, and do hereby sell, assign, transfer, and set over unto the Assignee, its lawful successors and assigns, my entire right, title, and interest in and to this invention, provisional Application No. 62/925,654, filed on October 24, 2019, and this application, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority in any foreign country on the basis of the above provisional application (if any), as well as all rights to claim priority on the basis of this application in any foreign country, and all applications for Letters Patent which may hereafter be filed for this invention in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof; and I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, I HEREBY covenant that I have the full right to convey the interest assigned by this Assignment, and I have not executed and will not execute any agreement in conflict with this Assignment;

AND, I HEREBY further covenant and agree that I will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to me respecting this invention, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all non-provisional, divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns;

AND, I HEREBY authorize the attorneys/representatives that I have empowered to prosecute this application to insert here in parentheses the application number and official filing date (U.S. Application No. 17/077,549, filed October 22, 2020).
