ASSIGNMENT

This Assignment is made BETWEEN

INGVAR GRANNES, Granneslia 8B, 4044 Hafslund, Norway (hereinafter "the first Inventor") of the first part

BJØRN BRO SØRENSEN, a Norwegian citizen of Ravnveien 3, 3128 Notterøy, Norway (hereinafter "the second Inventor") of the second part,

QUALITY INTERVENTION OPERATION AS, a Norwegian company of Sognefjordvegen 10, 6899 Balestrand, Norway, (hereinafter "the Company") of the third part,

AND

COILHOSE AS, a Norwegian company of Sognefjordvegen 10, 6899 Balestrand, Norway, (hereinafter "the Assignee") of the fourth part

WHEREAS the Inventors have made inventions (hereinafter "the Inventions") as described in United Kingdom Patent Application no. 1816857.5 filed on 16 October 2018 (hereinafter "the Application")

WHEREAS at the time of making the Inventions the first Inventor was a director of the Company and the second Inventor was an employee of the Company and the Company is entitled to certain rights under Norwegian law which are hereby claimed by the Company

WHEREAS the Inventors, the Company and the Assignee agreed that the Application was to be filed in the name of the Assignee and the Application was filed in the name of the Assignee

AND WHEREAS the first Inventor, the second Inventor, the Company and the Assignee are desirous that all property right, title and interest in and to the Inventions and in the Application including the right to claim priority therefrom and any patents and other rights issuing thereon shall be vested in the Assignee

NOW THEREFORE in consideration of the sums of 10 Norwegian Krone now paid by the Assignee to the first Inventor, 10 Norwegian Krone now paid by the Assignee to the second Inventor, and 10 Norwegian Krone now paid by the Assignee to the Company, receipt of which is hereby acknowledged by each of the first Inventor, the second Inventor and the Company, the Inventors and the Company HEREBY ASSIGN to the Assignee all right title and interest in and to the Inventions and in and to the Application in any country of the world including:

(i) The right to file applications for, and be granted, patents, utility models or other intellectual property rights in any country of the world (and including supplementary protection certificates, divisions, continuations, continuations in part, national or regional phases, reissues and extensions) in respect of the Inventions, whether under national regional or international arrangements

(ii) The right to sue for damages and other remedies in respect of any infringement of such rights

(iii) The right to claim priority under any national, regional or international law or treaty from any application for intellectual property rights in respect of the Inventions

TO HOLD the same unto the Assignee absolutely.

AND the first Inventor, the second Inventor and the Company hereby undertake and covenant that at the expense and promptly on the request of the Assignee each of them will sign, execute and do all such documents, acts and things as may be required by the Assignee to procure and enjoy the full and exclusive benefit of the Inventions and the Application and all patents, utility models, and other intellectual property and like rights in respect of the Inventions, whether national regional or international, in or for any country in the world
