(1) Amount of Series A Preferred Dividends

The total amount of Series A Preferred Dividends per Series A Preferred Share to be distributed to the Series A Preferred Shareholders or to the Registered Series A Preferred Pledgees for each business year shall be equal to an amount calculable at a fixed rate of 3.5% per annum (accrued daily) (or 6.0% per annum (accrued daily) for the period during which the Series A Preferred Share Base Price exceeds JPY 100,000) multiplied by the Series A Preferred Share Base Price for such period (rounded up to the nearest integral number). The initial Series A Preferred Share Base Price shall be JPY 100,000 (as adjusted pursuant to the terms of these Articles, the “Series A Preferred Share Base Price”), and thereafter, if the Company cannot make a distribution of all or any part of dividends for a certain business year in satisfaction of the preceding sentences because it is not permitted by any laws or regulations (the unpaid amount is hereinafter referred to as the “Series A Unpaid Dividends Amount”), the Series A Preferred Share Base Price for the business year immediately following such business year shall be changed, without any further action by the Company, to the sum of (x) the Series A Preferred Share Base Price as of the last day of such business year (in case of such business year commencing on April 1, 2018, JPY 100,000) and (y) the Series A Unpaid Dividends Amount; provided, however, that if the Series A Preferred Share Base Price at any time exceeds JPY 100,000 and the Company makes a distribution of all of the amount equivalent to the Accumulated Series A Unpaid Dividends Amount (defined in the next Item) for all prior business years and the amount equivalent to Series A Preferred Dividends accrued in relation to the then-current business year, the Series A Preferred Share Base Price shall be decreased to JPY 100,000 from the day immediately following the day on which such distribution is made. For the purpose of this Paragraph, the “amount equivalent to the Series A Preferred Dividends accrued in relation to the then current business year” means the amount of the Series A Preferred Dividends per share calculated at a fixed rate of 6.0% per annum (accrued daily) which shall be calculated on the basis of actual days elapsed over a year of 365 days, from the first day of such business

year (inclusive) to the payment date of the distribution (inclusive), with divisions made at the end, and rounded up to the nearest integral number.

(2) Accumulation

In the event that the total amount of dividends per share paid in cash to Series A Preferred Shareholders or Registered Series A Preferred Pledges as of any record date belonging in the same business year is less than the amount of the Series A Preferred Dividends of such business year, any such deficiencies shall be cumulative (such accumulated unpaid amount is hereinafter referred to as the “Accumulated Series A Unpaid Dividends Amount”).

(3) Non-Participation

No dividends exceeding the amount of the Series A Preferred Dividends and Accumulated Series A Unpaid Dividends Amount shall be paid to the Series A Preferred Shareholders or Registered Series A Preferred Pledges.

4. (Distribution of Residual Assets)

1. If and when the Company distributes the residual assets upon its dissolution, the Company shall pay the amount equal to the sum of (x) the Series A Preferred Share Base Price as of the payment date of the residual assets which is separately designated by the Company (if, on the payment date of the residual assets, no dividends for the preceding business year of the business year to which the payment date of the residual assets belongs, have been made pursuant to the preceding Article, the Series A Preferred Share Base Price as of the payment date of the residual assets shall be calculated on the assumption that such dividends were not made.) and (y) the amount of unpaid dividends per Series A Preferred Share through the payment date of the residual assets, to Series A Preferred Shareholders or Registered Series A Preferred Pledges. For the purpose of this Paragraph, “the amount of unpaid dividends per Series A Preferred Share” means the amount of the Series A Preferred Dividends per share calculated at a fixed rate of 3.5% per annum (accrued daily) (or 6.5% per annum (accrued daily) if the Series A Preferred Share Base Price for a business year to which the payment date of the residual assets belongs exceeds JPY 100,000; provided, however, that, if the Series A Preferred Share Base Price has been decreased to JPY 100,000 during such business year, 3.5% per annum (accrued daily) shall apply on and after the date on which the Series A Preferred Share Base Price has been decreased to JPY 100,000), which shall be calculated on the basis of actual days elapsed and on the basis of a 365 year, from the first day of the business year to which the payment date of the residual assets belongs (inclusive) to the payment date of the residual assets, with divisions made at the end, and rounded up to the nearest integral number.

2. Other than the distribution set forth in Item 1 of this Article, the Company does not distribute any residual asset to Series A Preferred Shareholders or Registered Series A Preferred Pledges.

3. Distributions by the Company of its residual assets upon its dissolution to Series A Preferred Shareholders or Registered Series A Preferred Pledges, the holders of the Series B Preferred Shares (hereinafter referred to as the “Series B Preferred Shareholders”) or the registered pledges of the Series B Preferred Shares (hereinafter referred to as the “Registered Series B Preferred

5. (Redemption)

1. The Company may, at any time, acquire, to the extent permitted by laws and regulations, on the day determined by a resolution of the Company (for the purpose of this Article, the acquisition day is hereinafter referred to as the “Acquisition Day”) any part or all of the Series A Preferred Shares in exchange for an amount of cash per Series A Preferred Share set forth in Paragraph 2 of this Article. The Company may acquire the Series A Preferred Shares that are held by only a part of the holders of the Series A Preferred Shares if the Company equally offers, in a procedure to be reasonably determined by the Company, to each holder of the Series A Preferred Shares to participate in the redemption and only such part of holders of the Series A Preferred Shares accepts such offer. When the Company acquires only part of the Series A Preferred Shares held by the relevant holders of the Series A Preferred Shares, the number of the Series A Preferred Shares to be acquired by the Company shall be determined on a pro rata basis in proportion to the number of the Series A Preferred Shares held by each relevant holder of the Series A Preferred Shares.
2. The amount of cash the Company should pay in exchange for acquisition of a Series A Preferred Share (hereinafter referred to as the “Series A Redemption Amount”) shall be the sum of (x) the Series A Preferred Share Base Price as of the Acquisition Day (if, on the Acquisition Day, no dividends for the preceding business year of the business year to which the Acquisition Day belongs, have been made pursuant to the Article 3, the Series A Preferred Share Base Price as of the Acquisition Day shall be calculated on the basis that such dividends were not made.) and (y) the amount of unpaid dividends per Series A Preferred Share through the Acquisition Day. Day belongs (inclusive) to the Acquisition Day (inclusive), with divisions made at the end, and rounded up to the nearest integral number.

3. The Company shall, on June 1, 2024 (hereinafter referred to as the “Final Redemption Day”), acquire, to the extent permitted by laws and regulations, all of the Series A Preferred Shares in exchange for cash at the price of Series A Redemption Amount per Series A Preferred Share (provided, however, that the amount shall be calculated as of the Final Redemption Day instead of the Acquisition Day).
4. If the Company acquires all or any part of Series B Preferred Shares, Series C Preferred Shares, Series D Preferred Shares, Series E Preferred Shares, Series F Preferred Shares or Series G Preferred Shares, on the date of such acquisition (for the purpose of this Paragraph, such date is hereinafter referred to as the “Redemption Date for Other Preferred Shares”), the Company must acquire a number of Series A Preferred Shares equal to the number obtained by multiplying (a) the pro rata portion of Series A Preferred Shares by (b) the total amount to be paid to all of the holders of Non-Convertible Preferred Shares in relation to such acquisition and then dividing by (c) Series A Redemption Amount in exchange for cash at the price of Series A Redemption Amount per Series A Preferred Share (provided, however, that the amount shall be calculated as of the Redemption Date for Other Preferred Shares instead of the Acquisition Day). For the purpose of this Paragraph, “pro rata portion” means the ratio on Redemption Date for Other Preferred Shares which is obtained by dividing (x) the aggregate amount of the Series A Redemption Amount for Series A Preferred Shares held by the Series A Preferred Shareholders or to the Registered Series A Preferred Pledges (provided, the Series A Redemption Amount for Series A Preferred Shares held by the Series A Preferred Shareholders or to the Registered Series A Preferred Pledges who elected not to be redeemed shall not be added) by (y) the aggregate amount of the total Series A Redemption Amount for Series A Preferred Shares, the total Series B Redemption Amount (defined in Article 5, Paragraph 2 of Series B Preferred Shares) for Series B Preferred Shares, the total Series C Redemption Amount (defined in Article 5, Paragraph 2 of Series C Preferred Shares) for Series C Preferred Shares, the total Series D Redemption Amount (defined in Article 5, Paragraph 2 of Series D Preferred Shares) for Series D Preferred Shares, the total Series E Redemption Amount (defined in Article 5, Paragraph 2 of Series E Preferred Shares) for Series E Preferred Shares, the total Series F Redemption Amount (defined in Article 5, Paragraph 2 of Series F Preferred Shares) for Series F Preferred Shares and the total Series G Redemption Amount (defined in Article 5, Paragraph 2 of Series G Preferred Shares) for Series G Preferred Shares (provided, with respect to each preferred shares, the redemption amount for the preferred shares held by the shareholders or to the registered pledges who elected not to be redeemed shall not be added).

For the purpose of this Paragraph, “pro rata portion” means the ratio on Redemption Date for Other Preferred Shares which is obtained by dividing (x) the aggregate amount of the Series B Redemption Amount for Series B Preferred Shares held by the Series B Preferred Shareholders or to the Registered Series B Preferred Pledges (provided, the Series B Redemption Amount for Series B Preferred Shares held by the Series B Preferred Shareholders or to the Registered Series B Preferred Pledges who elected not to be redeemed shall not be added) by (y) the aggregate amount of the total Series A Redemption Amount for Series A Preferred Shares, the total Series B Redemption Amount for Series B Preferred Shares, the total Series C Redemption Amount (defined in Article 5, Paragraph 2 of Series C Preferred Shares) for Series C Preferred Shares, the total Series D Redemption Amount (defined in Article 5, Paragraph 2 of Series D Preferred Shares) for Series D Preferred Shares, the total Series E Redemption Amount (defined in Article 5, Paragraph 2 of Series E Preferred Shares) for Series E Preferred Shares, the total Series F Redemption Amount (defined in Article 5, Paragraph 2 of Series F Preferred Shares) for Series F Preferred Shares and the total Series G Redemption Amount (defined in Article 5, Paragraph 2 of Series G Preferred Shares) for Series G Preferred Shares (provided, with respect to each preferred shares, the redemption amount for the preferred shares held by the shareholders or to the registered pledges who elected not to be redeemed shall not be added).

3. The Company shall, on the Final Redemption Day, acquire, to the extent permitted by laws and regulations, all of the Series C Preferred Shares in exchange for cash at the price of Series C Redemption Amount per Series C Preferred Share (provided, however, that the amount shall be calculated as of the Final Redemption Day instead of the Acquisition Day).
4. The initial Series A Preferred Share Base Price shall be JPY 100,000 (as adjusted pursuant to the terms of these Articles, the “Series A Preferred Share Base Price”), and thereafter, if the Company cannot make a distribution of all or any part of dividends for a certain business year in satisfaction of the preceding sentences because it is not permitted by any laws or regulations (the unpaid amount is hereinafter referred to as the “Series A Unpaid Dividends Amount”), the Series A Preferred Share Base Price for the business year immediately following such business year shall be changed, without any further action by the Company, to the sum of (x) the Series A Preferred Share Base Price as of the last day of such business year (in case of such business year commencing on April 1, 2018, JPY 100,000) and (y) the Series A Unpaid Dividends Amount; provided, however, that if the Series A Preferred Share Base Price at any time exceeds JPY 100,000 and the Company makes a distribution of all of the amount equivalent to the Accumulated Series A Unpaid Dividends Amount (defined in the next Item) for all prior business years and the amount equivalent to Series A Preferred Dividends accrued in relation to the then-current business year, the Series A Preferred Share Base Price shall be decreased to JPY 100,000 from the day immediately following the day on which such distribution is made. For the purpose of this Paragraph, "the amount of unpaid dividends per Series A Preferred Share" means the amount of the Series A Preferred Dividends per share calculated at a fixed rate of 3.5% per annum (accrued daily) (or 6.5% per annum (accrued daily) if the Series A Preferred Share Base Price for a business year to which the payment date of the residual assets belongs exceeds JPY 100,000; provided, however, that, if the Series A Preferred Share Base Price has been decreased to JPY 100,000 during such business year, 3.5% per annum (accrued daily) shall apply on and after the date on which the Series A Preferred Share Base Price has been decreased to JPY 100,000), which shall be calculated on the basis of actual days elapsed and on the basis of a 365 year, from the first day of the business year to which the payment date of the residual assets belongs (inclusive) to the payment date of the residual assets, with divisions made at the end, and rounded up to the nearest integral number.
2. Other than the distribution set forth in Item 1 of this Article, the Company does not distribute any residual asset to Series A Preferred Shareholders or Registered Series A Preferred Pledges.

The Company may acquire the Series A Preferred Shares that are held by only a part of the holders of the Series A Preferred Shares if the Company equally offers, in a procedure to be reasonably determined by the Company, to each holder of the Series A Preferred Shares to participate in the redemption and only such part of holders of the Series A Preferred Shares accepts such offer. When the Company acquires only part of the Series A Preferred Shares held by the relevant holders of the Series A Preferred Shares, the number of the Series A Preferred Shares to be acquired by the Company shall be determined on a pro rata basis in proportion to the number of the Series A Preferred Shares held by each relevant holder of the Series A Preferred Shares.
2. The amount of cash the Company should pay in exchange for acquisition of a Series A Preferred Share (hereinafter referred to as the “Series A Redemption Amount”) shall be the sum of (x) the Series A Preferred Share Base Price as of the Acquisition Day (if, on the Acquisition Day, no dividends for the preceding business year of the business year to which the Acquisition Day belongs, have been made pursuant to the Article 3, the Series A Preferred Share Base Price as of the Acquisition Day shall be calculated on the basis that such dividends were not made.) and (y) the amount of unpaid dividends per Series A Preferred Share through the Acquisition Day. 4. If the Company acquires all or any part of Series B Preferred Shares, Series C-1 Preferred Shares, Series C-2 Preferred Shares, Series D Preferred Shares, Series E Preferred Shares, Series F Preferred Shares or Series G Preferred Shares, on the date of such acquisition (for the purpose of this Paragraph, such date is hereinafter referred to as the “Redemption Date for Other Preferred Shares”), the Company must acquire a number of Series A Preferred Shares equal to the number obtained by multiplying (a) the pro rata portion of Series A Preferred Shares by (b) the total amount to be paid to all of the holders of Non-Convertible Preferred Shares in relation to such acquisition and then dividing by (c) Series A Redemption Amount in exchange for cash at the price of Series A Redemption Amount per Series A Preferred Share (provided, however, that the amount shall be calculated as of the Redemption Date for Other Preferred Shares instead of the Acquisition Day). The Company may acquire the Series C-1 Preferred Shares that are held by only a part of the holders of the Series C-1 Preferred Shares if the Company equally offers, in a procedure to be reasonably determined by the Company, to each holder of the Series C-1 Preferred Shares to participate in the redemption and only such part of holders of the Series C-1 Preferred Shares accepts such offer. When the Company acquires only part of the Series C-1 Preferred Shares held by the relevant holders of the Series C-1 Preferred Shares, the number of the Series C-1 Preferred Shares to be acquired by the Company shall be determined on a pro rata basis in proportion to the number of the Series C-1 Preferred Shares held by each relevant holder of the Series C-1 Preferred Shares.
2. The amount of cash the Company should pay in exchange for acquisition of a Series C-1 Preferred Share (hereinafter referred to as the "Series C-1 Redemption Amount") shall be the sum of (x) the Series C-1 Preferred Share Base Price as of the Acquisition Day (if, on the Acquisition Day, no dividends for the preceding quarter period of the quarter period to which the Acquisition Day belongs, have been made pursuant to the Article 3, the Series C-1 Preferred Share Base Price as of the Acquisition Day shall be calculated on the assumption that such dividends were not made.) and (y) the amount of unpaid dividends per Series C-1 Preferred Share through the Acquisition Day. Provided however that if the Acquisition Day set forth in this Paragraph belongs to the quarter period starting from July 1, 2018, "the amount of unpaid dividends per Series C-1 Preferred Share" set forth in this Paragraph means the sum of Items (a) and (b) set forth below.

	<p>(a) the amount of unpaid dividends per Series C-1 Preferred Share calculated pursuant to this Paragraph of this Article.</p> <p>(b) an amount calculated as follows: (a) the product of the amount obtained by multiplying (x) (a) the product of (i) a fixed rate of 5.0% per annum, (ii) JPY 100,000 and (iii) the actual days elapsed from the first day of such quarter period (inclusive) to August 8, 2018 (inclusive), divided by (b) 365 (rounded up to the nearest integral number) by (y) the ratio calculated by dividing the issued and outstanding number of Series C-2 Preferred Shares as of August 8, 2018 by the issued and outstanding number of Series C-1 Preferred Shares as of August 8, 2018 (rounded up to the nearest integral number).</p> <p>3. The Company shall, on the Final Redemption Day, acquire, to the extent permitted by laws and regulations, all of the Series C-1 Preferred Shares in exchange for cash at the price of Series C-1 Redemption Amount per Series C-1 Preferred Share (provided, however, that the amount shall be calculated as of the Final Redemption Day instead of the Acquisition Day).</p> <p>4. of Incorporation (other than the amendment in relation to Share Unit) stipulated in Item 1 of the said Paragraph.

3. (Dividends From Surplus)

For each business year, including and following the business year commencing on April 1, 2018, the Company shall make a distribution of dividends in cash from surplus, to the extent permitted by laws and regulations, to the Series G Preferred Shareholders or to the Registered Series G Preferred Pledges whose names are listed or recorded on the shareholders' register as of the close of the last date of such business year, in preference to Convertible Preferred Shareholders or Registered Convertible Preferred Pledges and Common Shareholders or Registered Common Share Pledges in the amount set forth in Item 1 of this Article per Series G Preferred Share (hereinafter referred to as the "Series G Preferred Dividends"). Payment of a distribution of dividends from surplus to Series A Preferred Shareholders or Registered Series A Preferred Pledges, Series C-1 Preferred Shareholders or Registered Series C-1 Preferred Pledges, Series C-2 Preferred Shareholders or Registered Series C-2 Preferred Pledges, Series F Preferred Shareholders or Registered Series F Preferred Pledges and Series G Preferred Shareholders or Registered Series G Preferred Pledges shall rank pari passu.

(1) Amount of Series G Preferred Dividends

The total amount of Series G Preferred Dividends per Series G Preferred Share to be distributed to the Series G Preferred Shareholders or to the Registered Series G Preferred Pledges for each business year shall be equal to an amount calculable at a fixed rate of 5.0% per annum multiplied by JPY 100,000 (rounded up to the nearest integral number.).

(2) Non-Accumulation

In the event that the total amount of dividends per share paid in cash to Series G Preferred Shareholders or Registered Series G Preferred Pledges as of any record date belonging in any business year is less than the amount of the Series G Preferred Dividends of such business year, any such deficiencies shall not be cumulative for the subsequent business years respectively.

(3) Non-Participation

No dividends exceeding the amount of the Series G Preferred Dividends shall be paid to the Series G Preferred Shareholders or Registered Series G Preferred Pledges.

4. (Distribution of Residual Assets)

1. If and when the Company distributes the residual assets upon its dissolution, the Company shall pay the amount equal to the sum of Series G Preferred Share Base Price as of the payment date of residual assets which is separately designated by the Company (if, on the payment date of residual assets, no dividends for the preceding business year of the business year to which the payment date of residual assets belongs, have been made pursuant to the preceding Article, the Series G Preferred Share Base Price as of the payment date of residual assets shall be calculated on the assumption that such dividends were not made.) and an amount of unpaid dividends per Series G Preferred Share, to Series G Preferred Shareholders or Registered Series G

Preferred Pledges. The initial Series G Preferred Share Base Price shall be JPY 100,000, and thereafter, the Series G Preferred Share Base Price shall be equal to the sum of (x) the Series G Preferred Share Base Price for the preceding business year (in case of such business year commencing on April 1, 2018, JPY 100,000), (y) the PIK amount for Series G Preferred Share per Series G Preferred Share and (z) if the Company elects not to make a distribution of all or any part of Series G Preferred Dividends for the preceding business year, the amount equivalent to such unpaid Series G Preferred Dividends. "The PIK amount for Series G Preferred Share per Series G Preferred Share" as of certain day means the amount calculated by applying a fixed rate of 5.0% per annum (accrued daily) to the Series G Preferred Share Base Price for the preceding business year, which shall be calculated on the basis of actual days elapsed over a year of 365 days, from the first day of such business year to which that day belongs to (inclusive) to that date (inclusive), with divisions made at the end, and rounded up to the nearest integral number. For the purpose of this Paragraph, "the amount of unpaid dividends per Series G Preferred Share" means the amount of the Series G Preferred Dividends per share calculated at a fixed rate of 5.0% per annum (which shall be calculated on the basis of actual days elapsed over a year of 365 days, from the first day of the business year (inclusive) to which the payment date of residual assets belongs to the payment date of the residual assets to be determined after the dissolution date (inclusive), with divisions made at the end, and rounded up to the nearest integral number).

2. Other than the distribution set forth in Paragraph 1 of this Article, the Company does not distribute any residual asset to Series G Preferred Shareholders or Registered Series G Preferred Pledges.
3. Distributions by the Company of its residual assets upon its dissolution to Series A Preferred Shareholders or Registered Series A Preferred Pledges, Series B Preferred Shareholders or Registered Series B Preferred Pledges, Series C-1 Preferred Shareholders or Registered Series C-1 Preferred Pledges, Series C-2 Preferred Shareholders or Registered Series C-2 Preferred Pledges, Series D Preferred Shareholders or Registered Series D Preferred Pledges, Series E Preferred Shareholders or Registered Series E Preferred Pledges, Series F Shareholders or Registered Series F Preferred Pledges and Series G Preferred Shareholders or Registered Series G Preferred Pledges shall be made (i) on a pari passu basis in proportion to the redemption amount of each series of Non-Convertible Preferred Share and (ii) in preference to Convertible Preferred Shareholders or Registered Convertible Preferred Pledges and Common Shareholders or Registered Common Share Pledges.

5. (Redemption)

1. The Company may, at any time, acquire, to the extent permitted by laws and regulations, on the day determined by a resolution of the Company (for the purpose of this Article, the acquisition day is hereinafter referred to as the "Acquisition Day") any part or all of the Series G Preferred Shares in exchange for an amount of cash set in Paragraph 2 per Series G Preferred Share. The Company may acquire the Series G Preferred Shares that are held by only a part of the holders of the Series G Preferred Shares if the Company equally offers, in a procedure to be reasonably determined by the Company,

to each holder of the Series G Preferred Shares to participate in the redemption and only such part of holders of the Series G Preferred Shares accepts such offer. When the Company acquires only part of the Series G Preferred Shares held by the relevant holders of the Series G Preferred Shares, the number of the Series G Preferred Shares to be acquired by the Company shall be determined on a pro rata basis in proportion to the number of the Series G Preferred Shares held by each relevant holder of the Series G Preferred Shares.

2. The amount of cash the Company should pay in exchange for acquisition of a Series G Preferred Share (hereinafter referred to as the "Series G Redemption Amount") shall be the amount equivalent to the sum of (x) the Series G Preferred Share Base Price as of the Acquisition Day (if, on the Acquisition Day, no dividends for the preceding business year of the business year to which the Acquisition Day belongs, have been made pursuant to Article 3, the Series G Preferred Share Base Price as of the Acquisition Day shall be calculated on the assumption that such dividends were not made.) and (y) the amount of unpaid dividends per Series G Preferred Share on the Acquisition Day. For the purpose of this Paragraph, "the amount of unpaid dividends per Series G Preferred Share" means the amount of the Series G Preferred Dividends per share calculated at a fixed rate of 5.0% par annum but prorated on the basis of actual days elapsed over a year of 365 days, from the first day of such business year (inclusive) to the Acquisition Day (inclusive), with divisions made at the end, and rounded up to the nearest integral number.
3. The Company shall, on the Final Redemption Day, acquire, to the extent permitted by laws and regulations, all of the Series G Preferred Shares in exchange for cash at the price of Series G Redemption Amount per Series G Preferred Share (provided, however, that the amount shall be calculated as of the Final Redemption Day instead of the Acquisition Day).

CONVERTIBLE PREFERRED SHARES

1. (Restriction on Voting Rights)

Convertible Preferred Shareholders shall have no voting rights at a general meeting of shareholders of the Company.

2. (Matters That Need To Be Resolved at Class Shareholders Meeting)

In cases where the Company carries out an act listed in Paragraph 1 of Article 322 of the Companies Act, a resolution of Convertible Preferred Shareholders Meetings shall not be required except for a case of an amendment of its Article of Incorporation (other than the amendment in relation to Share Unit) stipulated in Item 1 of the said Paragraph.

3. (Dividends From Surplus)

If and when the Company makes a distribution of dividends from surplus, to the extent permitted by laws and regulations, the Company shall make a distribution of dividends to the Convertible Preferred Shareholders or Registered Convertible Preferred Pledgees whose names are listed or recorded on the shareholders' register as of the close of a record date in connection with such dividends, ranking pari passu with Common Shareholders or Registered

Common Share Pledges in the amount equal to the amount of dividends distributed to Common Shareholders or to Registered Common Share Pledges per Common Share.

4. (Distribution of Residual Assets)

If and when the Company distributes the residual assets upon its dissolution, the Company shall pay the amount per Convertible Preferred Share equal to the greater of (X) JPY 100,000 or (Y) the amount that would be paid per Convertible Preferred Share if the same amount were distributed as residual assets on a pari passu basis between a Convertible Preferred Share and a Common Share, to Convertible Preferred Shareholders or Registered Convertible Preferred Pledges, in preference to Common Shareholders or Registered Common Share Pledges.

5. (Put Options)

Upon the occurrence of any of the following events, the Convertible Preferred Shareholders shall, to the extent permitted by laws and regulations, be entitled to demand the Company to deliver Common Shares in exchange for any part or all of the Convertible Preferred Shares owned by them. Upon such demand, the Company shall issue, to such Convertible Preferred Shareholders, the same number of Common Shares as the number of the Convertible Preferred Shares to be acquired.

- (1) When Common Shares issued by the Company are approved to be listed on any domestic or foreign stock exchange
- (2) At all times on and after June 1, 2021

6. (Redemption)

The Company may, at any time, acquire, to the extent permitted by laws and regulations, on the day determined by a resolution of the Company any part or all of the Convertible Preferred Shares in exchange for the same number of Common Shares as the number of the Convertible Preferred Shares to be acquired. The Company may acquire the Convertible Preferred Shares that are held by only a part of the holders of the Convertible Preferred Shares if the Company equally offers, in a procedure to be reasonably determined by the Company, to each holder of the Convertible Preferred Shares to participate in the redemption and only such part of holders of the Convertible Preferred Shares accepts such offer.
