entitled

**SYSTEMS AND METHODS FOR SECURING OPERATION  
OF AN ULTRASOUND SCANNER**

hereinafter, the "Application(s)":

AND WHEREAS, **Clarius Mobile Health Corp.** (the "Assignee") whose full post office address is,

350 - 3605 Gilmore Way  
Burnaby, British Columbia  
V5G 4X5  
CANADA

desires to own the entire worldwide right, title, and interest in and to the Invention(s), the Application(s), and all patents which may be granted on or as a result thereof in all countries, regions, and jurisdictions;

NOW THEREFORE, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Assignor confirms that they have sold, assigned, transferred, and set over, and to the extent they have not sold, assigned, transferred, and set over, does hereby sell, assign, transfer, and set over to the Assignee their entire worldwide right, title, and interest in and to:

- the Invention(s);
- the Application(s);

- all national phase applications arising from the Application(s);
- all continuations, divisionals, re-examinations, extensions, renewals of, or substitutes for the Application(s);
- the right to file counterparts to the Application(s) in all countries, regions, and jurisdictions;
- the right to claim priority from the Application(s) in all countries, regions, and jurisdictions;
- each and every additional application that claims any part of the Invention(s);
- each and every additional application that is in any way based on or claims priority from or corresponds to the Application(s);
- all patents which may be granted on or as a result thereof;
- any reissue or reissues of such patents;
- all causes of action and rights to bring suit for past, present, and future infringement thereof and all claims for and rights to collect damages, profits, and all other remedies and relief in respect thereof, including other compensation in respect of pre-grant activities; and
- all future improvements to the Invention(s);

the same to be held and enjoyed by the Assignee, its successors, assigns, nominees, or legal representatives, to the full extent of the term or terms for which such patents respectively may be granted, reissued, or extended, as fully and entirely as the same would have been held and enjoyed by the Assignor(s), had this Assignment not been made. If there are two or more Assignors, the sale, assignment, transfer, and setting over is made both jointly and severally.

Each Assignor hereby covenants that he or she: has full right to convey the entire interest herein assigned, sold, transferred, and set over; has not encumbered the rights and properties transferred by this Assignment in any manner; has not executed and will not execute any agreement to transfer any rights in the Invention(s) and/or the Application(s) to anyone other than the Assignee; and has not executed and will not execute any agreement that is otherwise in conflict herewith.

Each Assignor covenants and agrees that he or she shall:

- each time a request is made and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to the Invention(s), the Application(s), and any related or corresponding patents in the Assignee, its successors, assigns, nominees, or legal representatives;
- each time a request is made and without undue delay, execute and deliver such additional papers the Assignee considers to be necessary or desirable for use in: any prosecution, interference proceedings, oppositions, re-issue applications or re-examination applications relating to or involving the aforementioned patent applications or patents; or the filing of additional applications to protect the Invention(s) in any country, region, or jurisdiction;
- communicate to the Assignee, or its nominees, all known facts respecting the Invention(s), the Application(s), and said patents and assist in the ascertainment of facts and the production of evidence relating to the Invention(s), the Application(s), or the patents;
- testify in any legal proceedings;
- sign all lawful papers;
- execute any additional papers relating to all disclaimers and divisional, continuing, reissue, and foreign applications;
- make all rightful oaths; and
- generally do everything possible to aid the Assignee, its successors, assigns, nominees, and legal representatives to obtain and enforce for its or their own benefit, proper patent protection for the Invention(s) in all countries, regions, and jurisdictions;

all at the expense, however, of the Assignee or its successors, assigns, nominees, or legal representatives.

Each Assignor hereby irrevocably designates and appoints the Assignee and its duly authorized officers and agents, and their successors, as his or her agents and attorneys-in-fact, to act on the Assignor(s)'s behalf and instead of the Assignor(s), to execute and file applications to patent the Invention(s) in all countries, regions, and jurisdictions, and to do all other proper lawfully permitted acts to further the assignment, prosecution, and issuance of patents for the Invention(s) with the same legal force and effect as if executed by the Assignor(s). This power of attorney shall be deemed coupled with an interest and is irrevocable.

Each Assignor hereby authorizes and requests any official of any country or countries whose duty it is to issue patents on applications to issue to the Assignee, its successors, assigns, nominees, or legal representatives all patents for the Invention(s) in accordance with the terms of this Assignment.

Each Assignor authorizes the Assignee, its successors, assigns, or legal representatives, to amend the present Assignment to insert or correct the filing date, serial number or other identifying information of the Application(s) as may be needed to record same.

IN WITNESS WHEREOF, each Assignor have hereunto signed their names on the days and year set forth below.
