ASSIGNMENT OF PATENT APPLICATION BY INVENTOR

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, Erica Dombro of Nevada City, California, do hereby assign, sell and transfer to Tarptent, Inc., a California corporation having a registered mailing address at 12213 Koswyn Ct., Nevada City, California 95969, and to its successors, assigns or other legal representatives, hereafter referred to as ASSIGNEE, my entire right, title and interest, domestic and foreign, in and to: the inventions and discoveries in U.S. Patent Application No. 16/693,713 titled "HALF-PYRAMID SHELTER WITH IMPROVED STABILITY, ACCESS AND ROOM", filing date 11/25/2019 (Attorney Docket No. TTT-007-P-A, the "present application"); the present application; the priority rights thereto, including any present or future related patent applications based on or deriving priority from the foregoing inventions and discoveries or the present application such as non-provisionals, continuations, continuations-in-part, divisionals, renewals, substitutes or extensions thereof ("related applications"); any patents to be obtained for said inventions and discoveries by the present application or by such related applications, including reissued and re-examined patents and patents linked by terminal disclaimer ("related patents"); and, the right to make such related applications and receive such related patents (and their equivalents) for said inventions and discoveries in any country in its own name, or in my name, at its election.

I hereby also assign, sell and transfer to ASSIGNEE all rights to revenues associated with commercialization in any form of the subject matter of this assignment. This includes the right to sue third parties for patent infringement, including damages accruing from activities occurring before and after the execution date hereof. I hereby further agree to not engage or participate in or assist others with any commercialization of the subject matter of this assignment during the pendency of the present application and of any related applications, and during the term of any related patents (or for a follow-on period of three (3) years after such application pendency if no patent issues) without the express written permission of ASSIGNEE.

I hereby agree for myself, and for my heirs, successors, assigns or other legal representatives, to execute any papers (including patent applications and additional assignment documents) and to perform any acts which ASSIGNEE may reasonably need to secure thereto the rights herein assigned, sold and transferred.

I hereby represent and warrant that I have not granted or retained (and will not in the future grant) any rights inconsistent with the rights granted herein. I agree to keep the subject matter of this assignment confidential until publicly disclosed or published by ASSIGNEE or the U.S. Patent and Trademark Office. I authorize ASSIGNEE either directly or by and through its attorneys to receive all correspondence from the U.S. Patent and Trademark Office associated therewith.
