Attorney Docket #: TECT-001

Title: Two-Eye Tracking Based on Measurements from a Pair of Electronic Contact Lenses

Application #: 17/244,615

Filing Date: April 29, 2021

COMBINED DECLARATION AND ASSIGNMENT

For good and valuable consideration, the receipt of which is hereby acknowledged, the individual(s) named below (referred to as “**Inventor**” whether singular or plural) has sold, assigned, and transferred and hereby sells, assigns, and transfers to **Tectus Corporation**, a Delaware Corporation, having a place of business at 12950 Saratoga Avenue, Saratoga, CA 95070, United States (“**Assignee**”), for itself and its successors, transferees, and assignees, the following:

1. The entire worldwide right, title, and interest in all inventions and improvements (“**Subject Matter**”) that are disclosed in the following provisional or non-provisional application(s), including those filed under 35 U.S.C. § 111, design applications filed under 35 U.S.C. § 171, Registered Community Designs, international applications filed according to the Patent Cooperation Treaty (PCT), U.S. national phase applications filed under 35 U.S.C. § 371, national or regional applications filed in any other country throughout the world, and any patents issuing thereon (“**Patent Rights**”):

U.S. Non-Provisional Application No. 17/244,615, entitled “Two-Eye Tracking Based on Measurements from a Pair of Electronic Contact Lenses,” filed on April 29, 2021.

2. The entire worldwide right, title, and interest in and to:
 - (a) the **Patent Rights**, including any right of priority; (b) any provisional, divisional, continuation, substitute, renewal, reissue, and other related applications thereto which have been or may be filed in the United States or elsewhere in the world; (c) any patents which may be granted on the applications set forth in (a) and (b) above; and (d) the right to sue in its own name and to recover for past infringement of any or all of any applications or patents issuing therefrom together with all rights to recover damages for infringement of provisional rights.

Inventor agrees that **Assignee** may apply for and receive patents for the **Subject Matter** in **Assignee’s** own name.

Inventor agrees to do the following, when requested, and without further consideration, in order to carry out the intent of this Assignment: (1) execute all oaths, assignments, powers of attorney, applications, and other papers necessary or desirable to fully secure to **Assignee** the rights, titles and interests herein conveyed; (2) communicate to **Assignee** all known facts relating to the **Subject Matter**; and (3) generally do all lawful acts that **Assignee** shall consider desirable

for securing, maintaining, and enforcing worldwide patent protection relating to the **Subject Matter** and for vesting in **Assignee** the rights, titles, and interests herein conveyed. **Inventor** further agrees to provide any successor, assign, or legal representative of **Assignee** with the benefits and assistance provided to **Assignee** hereunder.

Inventor represents that **Inventor** has the rights, titles, and interests to convey as set forth herein, and covenants with **Assignee** that the **Inventor** has not made and will not hereafter make any assignment, grant, mortgage, license, or other agreement affecting the rights, titles, and interests herein conveyed.

Inventor grants the attorney of record the power to insert on this Assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office or other authority for recordation of this document.

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.

DECLARATION

By signing below, **Inventor** further attests to the following:

- The application was made or authorized to be made by **Inventor**.
- **Inventor** believes that **Inventor** is the original inventor or an original joint inventor of a claimed invention in the application.

Inventor hereby acknowledges that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
